SCHMITZ WANTS TO BE FREE PENDING AN APPEAL

Remarkable Scenes in the Court When Frisco Mayor Was Sentenced.

San Francisco, July 9.—Mayor Eugene Schmitz, San Francisco's convicted chief executive, who was yesterday sentenced to five years in San Quentin prison, today made application for admission to bail pending an appeal of his case to a higher court. Judge Dunne has spent the day listening to the arguments of Schmitz's attorneys upon the application.

Sensational Scene in Court.

The sentencing of the convicted mayor Monday afternoon was in one respect without a parallel in the criminal annals of San Francisco. Half a dozen times Judge Dunne was interrupted by Schmitz, who protested in strong words against being "lectured."

Once, replying to the prisoner, Judge Dunne said:

"Such brazen effrontery was probably no more than should be expected, and it was the duty of the court to bear it in patience."

As the last words of the sentence fell from the judge's lips the great crowd that had stood throughout the dramatic scene sent up a thunderous cheer. "Good for you!" shouted a man in the back of the room. His shout was echoed and re-echoed by one after another of the spectators. Several threw their hats into the air; others scrambled upon chairs to look over the shoulders of the crowd.

Judge "Knocks" the Sheriff.

Attorney Fairall of the defense, raising his voice above the din, called out to Judge Dunne:

"Your honor, this cheering is an unseemly occurrence."

"Well," retorted Judge Dunne, with spirit, "if we had a sheriff worthy of the name it would have been stopped instantly."

Sheriff Thomas O'Neill was stand-

MORE THAN 100 INDIANA SALOONS CLOSED IN JUNE

Rev. Humphrey Says Temperance Sentiment Grows Amazingly.

More than one hundred Indiana saloons were put out of business during the month of June just passed through the efforts of the Anti-Saloon league and other temperance workers in this state. This was the statement made today by Rev. U. G. Humphrey, of Indianapolis, state superintendent of the Indiana Anti-Saloon league, who arrived in the city from South Bend.

Rev. Mr. Humphrey declared that his visit to Fort Wayen has no especial significance in connection with the Sunday-observance crusade now in progress. He explained that he came to the city merely on a regular visit of inspection to the district headquarters where N. C. Shirey is in charge, and he expressed himself as immensely pleased with the status of the anti-saloon work in the Fort Wayne district which is composed of fourteen counties in the northeastern part of Indiana.

"The growth of the temperance sentiment in Indiana during the past two or three years has been amazing, even to we who are actively connected with Anti-Saloon league work," said Mr. Humphrey. "During the single month of June alone more than one hundred saloons in this state were closed by the remonstrance method. There are 1,016 townships in Indiana, and 702 of these have no saloons within their borders. This means that there are saloons in but 314 townships in the state. In the past two years 245 townships and 39 city wards in Indiana have gone 'dry,' eradicating 845 saloons. The territory affected contains approximately 700,000 people, and this certainly demonstrates the trend of popular sentiment against the saloon. Another feature of the situation that we consider highly pleasing is the fact that the business men in almost every locality are now not only supporting our work loyally, but are actually taking the lead in the effort to wipe out the drinking places."

There are 157 townships in the fourteen counties comprising the Fort Wayne district of the Anti-Saloon league, and it is said that of this total 100 of the townships are now "dry." Rev. Mr. Humphrey says that Indianapolis, Fort Wayne and South Bend are now the only really "wide open" cities of any considerable magnitude in the state.

NOTED HYMN WRITER DEAD.

James McGranahan, Long Associated With Moody and Sankey.

Warren, Ohio, July 9.—Prof. James McGranahan, the well known hymn writer, formerly connected with Moody and Sankey, the evangelists, died last night at his home in Kinsman, Ohio, of diabetes. He was 67 years old.

Mr. McGranahan wrote many sacred songs which are included in the gospel hymns. Among the well known hymns from his pen are: "There Shall Be Showers of Blessings," "My Redeemer" and "Some Day We Will Understand."

The funeral will be held Friday at Kinsman

MORE DEPOSITIONS IN THE HAYWOOD TRIAL

Witnesses Dispute Orchard Story of Using Bomb in San Francisco.

Boise, Idaho., July 9.—The reading of depositions covering the Bradley explosion in San Francisco, claimed by Harry Orchard as one of his crimes, but disputed by the defense, as the result of gas leakage, again occupied the entire morning session of the Haywood trial today. When court adjourned at noon, Attorney Darrow announced that the reading would require all of the afternoon session. There will be an interruption immediately after recess, however, to enable the defense to call a witness who, Mr. Darrow declared, would have important testimony to give.

The Day's Proceedings.

Boise, Idaho, July 9.—With the prospect that another day would have to be given over to the reading of the San Francisco depositions covering the explosion at the apartments of Fred W. Bradley, in that city in November, 1904, there were few spectators in court today when the trial of William D. Haywood was resumed.

The day began with a continuance of the testimony of J. B. Reilly, who lived near the Bradley apartments in Washington street. Reilly declared he had passed the apartment house but a few minutes before the explosion and saw a Japanese servant cleaning the stoop and vestibule. He did not believe it was within the range of possibility for anyone to have placed a bomb there in the manner indicated by Orchard in the time which elapsed between his passing and the report of the explosion. Orchard testified that after placing the bomb he boarded a street car and got out of hearing before the explosion occurred.

Did Not Go to Theater With Orchard.

The next deposition taken up was that of Mrs. Charles Pickard, who, as Mrs. Crow, had been employed by the Bradleys as cook. She told of having smelled gas in the house for several days prior to the explosion and had called up the gas company to complain of it.

Mrs. Crow denied absolutely that she had gone to the theater with Orchard as he testified. She declared that he told a falsehood when he testified to that effect.

The witness declared the explosion was more like a thud than a sharp report.

Attorney Darrow next took up the deposition of Mrs. Lucy A. Cummings, who occupied one of the flats in the building with the Bradleys. She described the explosion as the most terrible noise she had ever heard in her life. The witness and her husband were at breakfast at the time and both jumped to their feet exclaiming, "it's gas."

Gas had been leaking about the house for some time. Asked if she heard one or two explosions, Mrs. Cummings said there was just "one blk noise." Rushing into the hall she smelled gas, but no powder. The witness did not know, however, whether exploding dynamite smelled like ordinary powder of not.

Fireman Smelled Gas.

John J. Eckelman, a member of the San Francisco fire department, who was with the company which responded to an alarm of fire following the explosion, told of smelling gas strongly when he arrived at the scene.

Several other members of the fire department gave testimony similar

NEW TROLLEY LIMITEDS GO INTO SERVICE TOMORROW

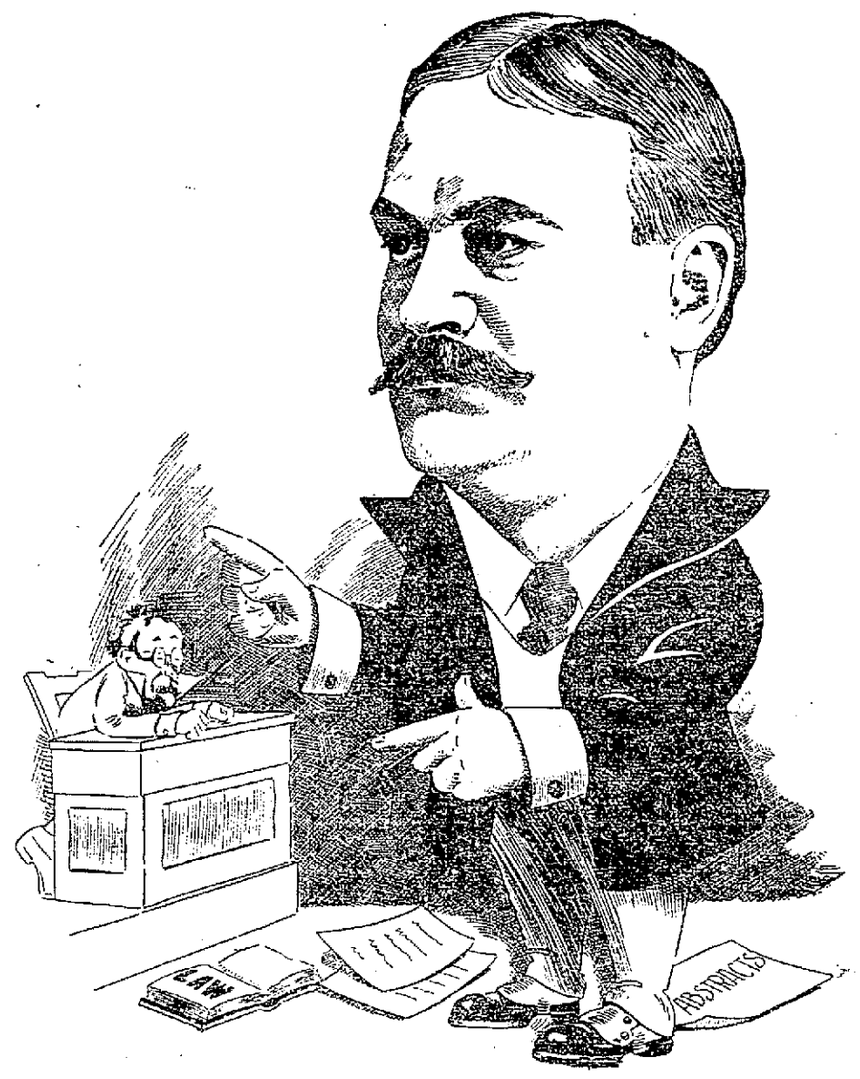
Change in Time Schedule on Wabash Valley System.

Four limited trolley cars between Fort Wayne and Logansport will be placed in regular service tomorrow, and the new schedule on the Fort Wayne and Wabash Valley system makes some important changes in time. The Logansport limiteds are to leave Fort Wayne at 6:20 and 10:30 a. m., and 3 o'clock and 7:30 p. m., connecting with Indianapolis cars at Peru, and making the run to Logansport in two hours and thirty-five minutes. Within a short time the cars will be run to Lafayette, making the 114 miles from Fort Wayne in four hours even.

In the local cars on the Southwestern line, the only change is in the first car out which leaves at 6:30 a. m., instead of 6 o'clock, and others cars follow at intervals of one and one-half hours. The Indianapolis limited cars leave at 7:30 a. m., and 4:30 p. m., and these, with the other limited and local cars will make practically an hourly service over the entire system.

On the Bluffton line the changes are radical. The first car leaves Fort Wayne at 6 o'clock a. m., others following at 7:15, 8:30 and each hour and a quarter thereafter, the last leaving Fort Wayne at 11:30 p. m. Superintendent of Transportation Crawford says the new running schedule will give to patrons of the Fort Wayne and Wabash Valley line the finest interurban service in the country.

MEN OF AFFAIRS IN FORT WAYNE



JUDGE ROBERT B. DREIBELBISS.

He knows to a trifle the laws of the land
And likewise the laws of supply and demand.
A man for the bench he'll gladly supply,
And as for the demand there's a plain reason why.
He's upright, courageous, has temper judicial,—
In short he's good style for a high court official.

THE CZAR'S POWERS ARE ENLARGED GREATLY

Frontier Guards Are Put Beyond Interference of Parliament.

St. Petersburg, July 9.—An enlargement of the imperial prerogative was announced today in a decision of the council of ministers to add the frontier guards to the army and navy as being a force beyond the competence of parliament to interfere with.

WOMAN SENTENCED TO DEATH.

Moscow, July 9.—Mme. Fromonki, who in March last attempted to assassinate General Rheinbot, the ex-prefect of police, and who, on March 13, made an attempt to murder the inspector of the political prison here, wounding him with a pistol which had been smuggled into her cell, was today sentenced to death.

BIG STRIKE AT KIEV.

Kiev, Russia, July 9.—A big strike of agricultural laborers is being prepared. The governor threatens to have recourse to military force if necessary to meet the situation.

INSANITY LIKELY TO BE THE PLEA OF RUNYAN

Man Who Robbed New York Bank of $96,000 Said to Be Crazy.

New York, July 9.—That a plea of insanity may be the defense of Chester B. Runyan, the paying teller of the Windsor Trust company, who is charged with abstracting $96,000 of the Trust company's funds, was indicated by his counsel when Runyan was arraigned in court today.

On behalf of Runyan, his counsel entered a plea of not guilty of the charge of grand larceny and asked for an adjournment of the case until Monday.

He said he had been informed that the prisoner's maternal grandmother had died in an insane asylum and that Mrs. Runyan believed her husband's mind affected.

Runyan's attorney said that he entered a plea of not guilty with the privilege of withdrawing it and demurring to the indictment with the view of asking for the appointment of a commission.

WALTHER LEAGUE IS BUSY WITH ITS ELECTION

Officers for Organization Chosen from Nominations Made Today.

The most important action today of the Walther league, in convention here, was the election of officers late this afternoon. This consumed most of the time of the meeting and there was some lively voting. The candidates for the various positions were announced this morning by the nominating committee, which was appointed by President Klein Monday.

F. A. KLEIN

President of the National Walther League in Session in this City.

Tomorrow the official announcement of the result of the election held this afternoon will be made and also the meeting place of the next convention will be decided upon.

It is very likely that this honor will fall to Cleveland, as that city has the largest delegation here and no other city is bidding for it with any great alacrity.

Increased Attendance.

The second day's session of the league convened this morning with a great many more visitors and guests present than heretofore. The number of guests who have registered runs up to 150, with sixty-four delegates. Seventy delegates were counted upon, but this morning excuses were read from the remainder of these, saying that they were very sorry that they could not attend this convention of the league, but that they were unable to on account of various reasons.

The session was opened by a short address by Rev. H. Grieber, of Saginaw, Mich., who proved a highly entertaining talker. He explained in detail the growth of this league from a small club to the great organization

WAS FLEEING PASTOR IN FORT WAYNE SUNDAY?

Mysterious Stranger Was Probably Disgraced Altoona Clergyman.

Was Rev. William N. Deller, the Altoona, Pa., clergyman, who resigned his pastorate and fled in disgrace from that city Saturday after disclosure of his alleged misconduct a visitor in Fort Wayne Sunday?

Those who talked to a mysterious stranger, who came to the rooms of the Fort Wayne Railroad Young Mens' Christian association Sunday afternoon, plainly suffering most intensely from the bitter pangs of remorse and disgrace, who told his story up to a certain point but who could not be persuaded to disclose either his name, his home or his church denomination, are convinced that the visitor was the disgraced Pennsylvania clergyman. The case was one of the strangest that ever came under the notice of local religious workers.

"A week ago," declared the stranger, "I was pastor of a church of six hundred members, prosperous and highly respected. Today I am worse than nothing." These and similar sentences were spoken between sobs and moans that told of the mental torture the man was undergoing. Yet he declined proffered help, and while expressing thankfulness for sympathy begged that there be no further effort to pry into his past, expressing surprise that his disgrace was not known here. "The papers will be full of it in a few days," he declared.

The Story from Altoona.

He left Fort Wayne Sunday afternoon at 5 o'clock on a Wabash train west, and on Monday morning the Pittsburg Post contained the following dispatch:

Altoona, Pa., July 9.—Rev. William N. Deller, known as the handsome and athletic pastor of Altoona, has resigned from the pulpit of the Second United Brethren church, following a report that he was discovered in a room in a Martinsburg hotel with a young woman member of his flock. She is said to have been a former maid in the Deller household.

Rev. Mr. Deller's resignation was handed to the trustees Friday night. He left town Monday night with his wife and two children. His destination is known only to a few intimate friends.

Rev. Mr. Deller is said to have confessed his indiscretion to a fellow clergyman on Friday night, and was restrained with difficulty from self destruction.

All Altoona is stirred as never before over the scandal. To add to the sensation, the young woman was requested Sunday to leave Sunday school, the only service in the church. She was told that her presence was distasteful to the other worshippers. Thereupon she withdrew without further parley.

Ordered From Hotel.

Ten days ago Rev. Mr. Deller went to Martinsburg to attend a two-day rally of the Christian Endeavor societies of Blair county, to which also the girl was a delegate. Rev. Mr. Deller was the principal speaker, delivering an address on the closing evening that was declared to be one of the most forceful ever made before a local county convention.

THREE OF DRUNKEN CREW OF YACHT DROWNED

Roysterers From Oil Magnate's Craft Upset Small Boat.

New York, July 9.—Three members of the crew of the steam yacht Yacona, belonging to Henry Clay Pierce of St. Louis, were drowned in the Hudson river early today when a small yawl, carrying six of the Yacona's crew and a dock man, was capsized by a sailor who rocked the boat. Four of the party were picked up by a passing tug. No traces have been discovered of the three missing men and the police are convinced that they are drowned. They are:

Rudolph Johnson.
Frederickson Von Borsen.
Herman Von Borsen.

The Yacona came into port yesterday after a week's cruise in Long Island sound and Captain MacDonough gave several of the crew shore leave. Six of the Yacona's crew came down to the landing at Eighty-sixth street early today after an all night frolic and hailed the Yacona for a launch. There was no answer from the yacht, and in their anxiety to get aboard the sailors induced Gus Appleman, a dock man, to take them out to the yacht. The dock man wanted to divide the party and make two trips, but against his will all six piled into the yawl and started for the steam yacht. Several times during the trip Appleman warned his boisterous passengers to remain quiet as their movements threatened to overturn the craft. Within a dozen boat lengths of the yacht one of the sailors gave the yawl a violent lurch and she capsized, throwing all seven men into the water.

Appleman succeeded in not only clinging to the keel of the overturned boat, but also assisted three of the sailors. All four were finally picked up by a tug, which had been attracted by the shouts of the men. The crew on board the Yacona hearing the cries of distress threw a powerful searchlight over the waters and lowered a boat to search for the three missing men. No traces of them could be discovered. The police searched the river without result.

Henry Clay Pierce, the owner of the yacht, is chairman of the board of the Waters-Pierce Oil company of Missouri.

AFFIDAVITS READY FOR FOURTEEN KEEPERS OF SALOONS

Names to Be Withheld Until Warrants Are Served —The Courts.

Affidavits have been signed against fourteen of the twenty-five saloonkeepers who are charged with violating the Nicholson law last Sunday and the others will be ready for filing tomorrow. Prosecutor D. B. Ninde stated this afternoon that he will divide them between Justices Tancey, Huser and Hanthorn.

He also said that until all have been filed and service obtained on the warrants he will withhold the names from the public. None of the cases will be taken into the circuit court at this time because it is in vacation and will not resume its sessions until September.

Raised Awful Racket.

Annie Miles went to Justice Tancey with a tale of woe this morning and informed him that she had just cause to believe that Arthur A. Miles, her husband, is of unsound mind but when she related her story the justice concluded that surety of the peace proceedings would best fit the case and they were instituted.

Miles works for the gas company and his wife says he kicks the doors at nights, swears around the house, makes so much noise that the neighbors are kicking and she wants it stopped in some way.

Court Notes.

The will of Ernst Dehne has been filed for probate and under its provisions all his property is left to his wife, Wilhelmina Dehne.

Nona Williams has instituted a divorce suit against Frank Williams and the complaint has been withdrawn from the files.

OLDFIELD IS EXONERATED.

Portland, Ore., July 9.—The complaint filed against Barney Oldfield, the automobile driver, charging him with swindling the public by means of an alleged fake automobile race, has been withdrawn. Oldfield having made a written statement of his connection with the affair which was satisfactory to the complainant. Oldfield was blamed for the failure of the race meet.

AT THE RECRUITING OFFICES.

Franklin Johnson, of 320 Baker street, was enlisted at the navy recruiting station in this city and will be sent to the training station at Norfolk as an apprentice seaman.

The army is in bad need of men for field and coast artillery. The recruiting stations have had special notice to pay extra attention to this department. There is always a good chance for promotion in this lin

A PECULIAR MISHAP CAUSES A BAD WRECK

Engineer Struck by Mail Crane Loses Control of Locomotive.

Mobile, Ala., July 9.—In a rear end collision on the Mobile and Ohio railroad, near Whistler, Ala., today five miles from Mobile, between passenger train No. 6 and a light engine, one man was killed and two others injured. The dead:

Thomas Dease, engineer of the passenger train, Meridian.

Injured:

Ben Evans, colored, fireman on passenger engine; both legs broken, and supposed to be injured internally.

Thomas Murray, mail clerk, ribs broken.

Unknown negro woman, slightly injured.

The wreck might have been more serious. The colored fireman discovered Engineer Dease in an unconscious condition, being struck on the head by a mail crane a short distance from the station at Whistler. Evans, noticing that the train did not slow up at this particular point, crawled over to the engineer's side of the cab and discovered Dease unconscious. He put on the air brakes and stopped the train, but not until it had crashed into the extra engine. The locomotive of the passenger train was derailed and the mail and baggage cars wrecked.

LADY ROSSLYN SUES THE EARL FOR DIVORCE

Former American Actress Tired of Aristocratic Husband.

Edinburg, Scotland, July 9.—The wife of the Earl of Rosslyn, formerly Anna Robinson, of Minneapolis, has sued him for a divorce. The earl is living in Paris.

Lord Rosslyn (James Francis Harry St. Clair Erskine), born in 1869, formerly a lieutenant in the royal horse guards, for a time made his living as an actor, appearing in a number of plays in Europe and the United States. In the former country he did a ballet turn in one of Pinero's plays, which caused much comment. He served with Thorncroft's horse at the relief of Ladysmith and also acted as war correspondent during the South African war. The earl was first married in 1890 to a Miss Violet Vyner, from whom he obtained a divorce, on the ground of desertion in 1902. On March 31, 1905, he was married in London to Miss Robinson, youngest daughter of George Robinson, of Minneapolis, who for a time was on the stage in New York, London and Paris. She made her debut in the "Governor of Kentucky." By his first wife the earl had one son, born in 1892 who bears the title of Lord Loughborough.

PREMIUM LIST OF THE GREAT FORT WAYNE FAIR OUT

Shows Increase in Every Department—Special List Larger.

Dr. W. F. Myers, secretary of the Fort Wayne Fair association, has begun the distribution of the most extensive premium list the organization has ever issued and aside from the fact that excellent taste has been displayed in the booklet itself the premiums embrace a wider range of articles than has heretofore been included.

From photographs taken last season by Miner, two excellent pictures were made for the cover page, one showing the finish of an exciting race at the other some of the choicest cattle that were on exhibition here last fall.

There has been only a slight change in the dates, which will be from September 18 to 21 inclusive and preparations have been made for a fair on a larger scale than at any time since the present association took hold of the work.

Purses for the racing card are larger by $1,500 than they were in 1906 and Dr. Myers has an assurance of a better grade of flyers than he has been able to obtain before. The list compares very favorably with those in the larger cities and horsemen are beginning to sit up and take notice. For Derby Day alone, which is the last day of the fair purses aggregating $700 will be offered for the runners.

Great liberality has been displayed by business men and stock men in the way of special premiums and attractive offerings along this line are shown by the premium list.

to that of Eckelman. One of these, John W. Parry, said he had had considerable experience with dynamite explosions and they differed in sound and effect from that at the Bradley apartment.

All of the firemen said they heard but one explosion. Parry declared that the explosion at the Bradley apartment was louder than most gas explosions he had heard.

Joseph Vincent De La Veaga, an attorney of San Francisco, who occupied the apartment directly under the Bradleys, told in his deposition of having smelled gas in the vestibule of the house six or seven days prior to the explosion.

WALTHER LEAGUE IS BUSW WITH ITS ELECTION.

(Continued from Page 1.)

that it now is. He explained that it had suffered many ups and downs, but that it had always come out with a brighter future before it. His talk was full of humor and his hearers thoroughly enjoyed it. The minutes of the meeting of yesterday afternoon were then read and following this several distinguished guests who are present were given a hearty welcome. Among these are included the former president of the organization, Mr. Landeck, of Oshkosh, Wis., and Rev. Yaus, of Decatur, who is very active in the work of the league.

The most important action of the morning was the acceptance by the committee which had been appointed for this purpose of the report of the Inter-League which met at Buffalo last summer. The report when first read yesterday did not suit all and President Klein appointed the committee which made their report today. On their decision the report was accepted in part by the delegates.

Nominations Reported.

At the close of the meeting this morning the nominating committee, which was appointed yesterday, made their report and the following nominations were made:

For president, F. A. Klein, of this city, the present president, and L. Schumacher, of Milwaukee; for recording secretary, John Renn, of Huntington and William Hackler, of Buffalo; for corresponding secretary, Paul Burau, of Detroit and Emil P. Haas, of Milwaukee; for treasurer, R. E. Braunlich, of Buffalo, and W. F. Keske, of Cleveland. Other nominations for quartering, membership and entertainment committees were announced as was also the nomination for the board of directors.

Afternoon Session.

Rev. E. Fiene, of Buffalo, opened the session this afternoon with a short talk and the synodical conference committee made its report in the latter part of the day. The question before this committee involves whether or not the juvenile league work should be a synodical work. Up to this time the work has been independent from the synod or church, and it is a question whether the church should take any interest in it or not. This evening is an open one for the members and several pleasure parties have been arranged for them by the home members. The meetings thus far have been very interesting and the sessions of tomorrow will close the convention.

Compromise on Language Issue.

As a result of the discussion of the language question at the afternoon session of the Walther league Monday afternoon it was decided that German should be the official language of the league, but that reports and addresses would be welcome which should be given in English. This decision was reached after a long argument and many were in favor of continuing the German language, but others realized that English was becoming the world-wide spoken language. The younger set of the organization were mostly in favor of the mother tongue, believing that German ought to be kept up, as they can not help but master the English.

The social at the Princess rink proved very entertaining Monday night and several of the members took away prizes, awarded in guessing and other contests. Miss Thumler, of Cleveland, and Mr. Borough, of Buffalo, won the prizes in a matching contest and in a bean guessing match Miss Martha Griebel, of this city, took away the prize. Miss Dora Boerger, of Buffalo, was awarded a doll for guessing the name of it.

SWEPT BY A TORNADO.

Storm Fatally Injures Woman and Does Much Damage in Nebraska.

Bloomfield, Neb., July 9.—A small tornado swept the country near Alda in southern Knox county, Sunday night, injuring four persons, one fatally and destroying several buildings.

The home of Eli Olsen was wrecked. Olsen's mother was fatally injured. His wife had several ribs broken and was injured internally and a six year old daughter received six bodily injuries.

The Lutheran church in Columbia township was wrecked and a score of small buildings blown down. Crops were seriously damaged by hail.

FEARS DEATH IN POISON CIGAR.

Farmer Near St. Paul Charges Rich Neighbor Attempted His Life.

St. Paul, July 9.—An attempt to poison by inducing him to smoke a cigar which was doped with strychnine is the novel charge made in the police court yesterday by Philip Nadeau, a farmer of New Canada township, against Edward Lindig, a well-to-do neighbor. Nadeau claims that Lindig tried on two different occasions to poison him in that manner. The preliminary hearing was set for Wednesday. Lindig is being held without bail.

IN HONOR OF THE ELKS.

Battleships to Participate in Philadelphia Reunion.

Philadelphia, July 9.—Acting under orders from the navy department Captain Edwin C. Pendleton, commandant of the League island navy yard, has directed that the battleships Kearsarge and Kansas be overhauled and repainted and otherwise put in condition for their participation in the annual reunion of the Elks here next week. The big warships will be anchored in the Delaware river at a point near the center of the city all of next week for the inspection of the visiting Elks. Special tugs have been engaged by the local lodge of Elks to carry visitors from the wharves out to the warships.

TICKET ROBBERY HEAVY.

Loss at Martinsville Had Face Value of $20,000.

Martinsville, Ind., July 9.—Big Four railroad officials today completed the auditing of the ticket case in the depot here, which was robbed Saturday night. Fifteen hundred tickets, the postoffice stamp and baggage punch were taken. The tickets were of the face value of $20,000 and were to various parts of the country, four hundred being to the Jamestown exposition.

GLASS WORKERS' CONVENTION.

Evansville, Ind., July 9.—The convention of the American Flint Glass Workers' union got down to business today. The committee on credentials reported and all the delegates accredited to the convention were seated without protest. The chief business before the convention will be the fight against the machines. Kokomo, Ind., Lancaster, O., and Sea Island City, N. J., are leading applicants for the next convention. It is believed the old officers will be elected.

WORK OF EDUCATORS.

METCALF WORRIED BY PERSISTENT WAR TALK

Highly Colored Stories of Transfer of Fleet Very Reprehensible.

Oakland, Cal., July 9.—Secretary of the Navy Metcalf deprecates the warlike aspect that has been given the order for the cruise of the great battleship squadron from the Atlantic to the Pacific coast. The secretary said last night that the proposed movement was that of a practice cruise and that the fleet would not be kept in the Pacific permanently. He declared that the length of time that the fleet would remain on the western side of the continent had not yet been decided.

With considerable emphasis the secretary voiced his opinion that the warlike interpretation that had been made in connection with the fleet's movement was not justified by the facts. In fact the widely published reports suggesting hostile preparations seem to be a source of irritation for the head of the navy. He said:

"The fleet which will be moved from the Atlantic to the Pacific this winter is coming to this side merely on a practice cruise. The fleet will consist of sixteen or more vessels, not more than twenty, and its stay on this side will not be permanent. Of course the fleet will not come here, turn around and go right back again. How long it will remain in the Pacific will be determined at the proper time.

"There is no sound reason or excuse for all this talk by the public and through the press of an attempt to overawe the Japanese by a war-like naval display. I do not believe that the newspapers are justified or right in so construing and coloring the cruise of the war ships to the Pacific.

"Every year the Atlantic fleet has been sent on a cruise. Last year it was sent to Guantanamo. This year the fleet will be ordered to the Pacific The long cruise will give the men and the vessels a thorough test and improve the efficiency of both."

GATHERING ON THE PACIFIC.

Great Ocean to Be Scene of the Nation's Achievements.

London, July 9.—The Daily Mail in an editorial article on the Japanese-American situation says:

"Around the immense area of the Pacific ocean the embattled nations of the world are gathering as the nations gathered around the Mediterranean two thousand years ago. Careful observers universally will agree that the great event of the twentieth century probably will be occupied with the rim of this vast saucer.

"War between Japan and America is almost unthinkable. We believe the intentions of the statesmen of both countries to be profoundly pacific and that the incidents at San Francisco are not responsible for the movement of the American fleet.

"Japan commenced the war with Russia, without previous declaration, by destroying half the Russian fleet. Such a move was very effective the first time it was performed and henceforth no nation will await for a formal declaration of war but will be ready to strike while there are yet no signs of a diplomatic rupture.

"The cautious and wise statesmen directing American policy are not directing prudence in deciding to concentrate their forces in the region where the eye can detect the menace on the obscure horizon."

JAPANESE ADMIRAL COMING.

Yamamoto Soon to Reach New York From Europe.

Washington, July 9.—Viscount Aoki, the Japanese ambassador, has been deferring his departure from this city for his summer vacation in anticipation of the arrival of Admiral Yamamoto, who is expected to reach New York soon from Europe. The admiral, who is one of the four officers of the Japanese navy holding that rank, is on his way home to Japan, but will spend some time in the United States before sailing from San Francisco or Seattle. His visit to this county, however, is an entirely unofficial one, although it is expected he will be shown some courtesies by the government authorities, including a visit to the president at Oyster Bay. He is expected also to get to Washington for a brief period. He will be met on his arrival at New York by a representative of the Japanese government. The admiral is accompanied by several Japanese officers. An opportunity will be afforded the visitors to go through some of the big manufacturing and shipbuilding establishments if they care to do so, as it has been officially stated this was one of the purposes of the brief stay in the United States. Admiral Yamamoto was one of the suit of Prince Fushimi on his visit to King Edward.

INDIANA EMPLOYES' LIABILITY CASE CARRIED UP

Suit Against Railroad is Appealed to Federal Supreme Court.

Washington, July 9.—The cases of George W. Lightheimer and Thomas Collins against the Pittsburg, Cincinnati, Chicago and St. Louis Railway company, involving the constitutionality of the Indiana employers' libility act, were filed in the supreme court of the United States today. Lightheimer and Collins were employed by the railroad company and were injured in accidents on the road and the suits were brought to recover damages under the state law on the ground of negligence of fellow employes. The railroad company attacked the law on the ground that it is a violation of the contract. The decision in the state courts was favorable to the employes and upheld the law.

REMAINS LAID TO REST.

Funeral Services Are Held for Mrs. C. B. Woodworth.

Funeral services for the late Mrs. Charles B. Woodworth were held this afternoon from the family residence, at 1002 West Wayne street. Rev. E. W. Averill, rector of Trinity Episcopal church, was the officiating clergyman, and the interment later at Lindenwood was private.

In attendance at the funeral service was a very large number of friends of the gifted woman, including a number of her official associates in the work of Indiana womens' clubs. Among these were Mrs. O. P. Kinsey, of Valparaiso, president of the State Federation of Womens' clubs, and Mrs. Eva Rohbock, of Wabash, who is prominent in the affairs of the state federation. The floral tributes were unusually profuse and beautiful, the offerings including many from out-of-town friends as well as from those who have known Mrs. Woodworth most intimately in her home life.

TAKEN TO THE DEATH HOUSE.

Frank Earl, Sidney, Ohio, Murderer in Columbus Prison.

Columbus, O., July 9.—Accompanied by the sehriff and five deputies, Frank Earl, murderer of W. D. Legg, a butcher at Sidney, arrived at the penitentiary today, to die in the electric chair. He bid good-bye at the gates of the prison, after being searched and just before he was led back to the death cage.

Although seemingly cool and collected up to that time, Earl was visibly affected when he said good-bye. Earl has only one arm, the other having been lost while he was serving time in the Joliet prison. He has served in the Indiana state prison.

PARDONS COL. ARTHUR LYNCH.

London, July 9.—On th eeve of his visit to Ireland, King Edward has granted a free pardon to Col. Arthur Lynch, who was convicted of high treason in 1902 for having fought in the Irish brigade on the side of the Boers in the South African war.

CITY BREVITIES.

Rev. P. E. Powell, of Carrett, was a visitor in the city last evening.

Dr. H. E. Steinman, of Monroeville reports a case of diptheria in that place.

George Pantazin, of the Columbia Candy kitchen, is taking a fishing trip to Fox lake.

R. L. Fox and E. E. Heit are in Chicago on business for the firm of Fox, Heit & Co.

Cashier W. H. Rohan, of the Old National bank, is at Clear Lake for a stay of two weeks.

Arthur Walda is now taking his vacation. He is employed at the Patterson-Fletcher store.

Ronald Dawson, of Danville, Ill., is in the city to attend the funeral of Mrs. C. B. Woodworth.

Lieut. Frank Davis arrived in the city today to visit his parents, Mr. and Mrs. W. E. Davis.

H. R. Freeman will return tomorrow from Leland, Mich., where his family has gone for the summer.

James Doorley, of Columbia City, is now registered here. He formerly traveled out of this city and is well known here.

Slight improvement is reported today in the condition of Mrs. Charles McCulloch, who has been very ill for the past two weeks.

Dr. Israel Aaron has returned from Frankfort, Mich., where he attended a conference of Rabbis, and is a guest of Mr. and Mrs. Charles Falk.

Rt. Rev. Bishop Alerding went to Gary, Ind., today, to look after the location of a new Catholic church there. Gary is the new steel town near Chicago.

Drs. H. A. Duembling and Bud Van Sweringen are attending the Tri-State Medical association at Detroit today. Dr. Sweringen read a paper before the body.

A reception is to be tendered Rev. and Mrs. Miller, of the West Jefferson street Christian church, on next Friday evening and all members of the church and their friends are cordially invited.

H. A. Keplinger will leave next week for Colorado for a visit with Mrs. Keplinger, who has been seriously ill there for many months. The patient is not improved, and it is possible she may be brought home.

Of the great cities New York has the smallest ratio of population to the acre. Its 3,716,000 inhabitants have an area of 203,866 acres (by far the largest city territorially in the world), so that there are eighteen people to an acre.

TEACHERS FEAR A COUP BY LEADER OF THE UNION CULT

Miss Haley, of Chicago, is Nowhere to Be Found in Los Angeles.

Los Angeles, Cal., July 9.—The mystery as to the probable position of Miss Margaret Haley, of Chicago, toward the proposed new constitution and by-laws of the association, as well as her attitude upon the subject of national officers, continued today to be the main topic of conversation among delegates and visitors of the convention of the National Educational association.

Neither Miss Haley nor any of her followers in the Chicago federation of teachers have been seen at the convention or anywhere in the city. At the Illinois quarters in the Hotel Alexandria, none of them has registered. Nothing has been heard directly or indirectly from Miss Haley since the press dispatches from Chicago announced that she had left that city for Los Angeles' at the head of a large delegation of her followers prepared for a vigorous fight before the convention against the so-called "inner circle" of the association and in favor of the "labor union" among teachers.

It is believed and almost feared among the delegates that Miss Haley is keeping her presence in the city a secret and that at the last moment she will appear in the convention with a sufficient following to cause trouble. There probably will not be more than 400 votes of active members in the convention when the business meeting convenes tomorrow. A large portion of the five thousand attendants at the convention is composed of associate members having no vote at the meeting.

GAVE HIM A SURPRISE.

John Barry was the pleased victim of a delightful surprise given in honor of his twenty-first birthday anniversary at the home of his parents, Mr. and Mrs. Owen Barry, 1225 Hayden street. The affair was planned by the members of the Fort Wayne Roanoke Eagles and the Iriquois base ball clubs, of both of which he is a member. The parlor was very prettily decorated with Chinese parasols and lanterns, struck with green, pink and white decorations. Progressive pedro was played, and later a fine luncheon was served. Prizes were won in the various games by A. Lauer, Mr. Gibson, Howard Majors and Ted Kooper. Those present included Messrs. Fred Braun, A. Lauer, Tod Solliday, Henry Hilker, Ted Kooper, John Klippel, John Deamon, L. Cope, A. Braun, William Braun, James Casey, Mr. Menefee, M. M. Meyers, A. Garlock, A. Tossier, Howard Majors, Mr. Gibson, Harvey McElfatrick, George Lentz, M. Alt, Frank Thyaland and Fred Krueckenberg. John Klippel assisted the host in entertaining the guests and Mayme Golta and Mrs. W. E. Hickey assisted Miss Barry in serving supper. The guests presented Mr. Barry with a handsome suit case.

YOUR UNCLE JOHN DEE STICKS CLOSE TO GOLFERS

Divides His Among Champs at the Cleveland Tourney.

Golf Links, Cleveland, O., July 9.—Play for the national amateur golf championship commenced today over the Euclid links. J. A. Ellen, of the Pittsburg field club, drove the first ball of the tournament, he and his playing partner, Daniel Chauncey, of Garden City, being sent off at 9:05 a. m.

The players were sent away at brief intervals, but the entry list was so large that it was well into the afternoon before the last pair drove off. Eighteen holes will be played today, 18 tomorrow, the 32 lowest scores to qualify for the eliminating match play that commences Thursday.

Weather conditions this morning were much improved over yesterday. The gale that created such havoc with scores yesterday, had died down to a gentle breeze, and the sun was partly obscured by clouds that gave promise of a storm. Much better scores therefore were looked for.

John D. Rockefeller was one of the early birds at the club. Shortly after 9 o'clock the Standard Oil magnate arrived at the club house in an automobile and promptly joined the spectators at the first tee. The play of Eben Byers, present amateur champion, attracted him and for a time Mr. Rockefeller trudged along behind the Pittsburg man and his playing partner, F. L. Griffith, of the Arlington Golf club, watching their play with great interest.

John Dee Keeks Tab.

After watching the Byers-Griffith match for a while, Mr. Rockefeller switched to the Chandler Egan-Jerome Travers match, which had a large gallery, and followed this for some time.

Both Egan and Travers played carefully and the belief that the two probably would come together some time during the match play for the championship lent interest to the match. Egan found the bunkers on both the short holes going out the third and eighth, but finished the first nine holes in thirty-nine. Travers was bunkered on the long seventh hole, but played perfectly otherwise and finished the first half in thirty-seven.

Harold Weber, of Toledo, who was a semi-finalist in the national tournament at Chicago two years ago, was the first to turn a score under eighty, going out in thirty-nine and in forty or seventy-nine for the course.

National Champion Eben Byers amazed his friends by turning in a score of eighty-five.

John M. Ward, the former National league baseball player and now an attorney in New York, finished his round in seventy-nine.

W. T. West, of Philadelphia Country club, made the course in seventy-six.

CITY BREVITIES.

George Brower, a janitor at the Elektron building, was overcome by the excessive heat the other day and has been confined to his home on Wells street. He is an old soldier and is well known to the inhabitants of the city. It is thought that he will be around again in the course of a week or two.

B. A. Tuttle has returned from a business trip in Berne and Geneva.

U. G. Humphrey, the state superintendent of the Anti-Saloon league, is in the city today.

Richard Gillespie, who formerly lived in this city and who is very well known here, but makes his home in Lagrange, is spending a few days with friends here.

C. G. Coblin, of Pierceton, is in the city in the interest of race horses and tomorrow will ship his fast mare, Lady Pearline C, to Tittusville, Pa.

Jacob Baker, a pioneer resident of Wabash, died Saturday evening.

The "lid" was placed on in Elkhart Sunday in the tightest sort of fashion.

The Huntington fire department has not heard an alarm of fire since June 18.

Harvey E. Shipe, with the transportation ship Dixie, is at anchor off Havana, Cuba. He is a Kendallville lad.

Miss Ida Peterson, instructor in music at the Auburn public schools, has resigned to take a similar position at Bluffton.

There has been considerable trouble because B. & O. local freight trains block cars on the Winona line at Milford Junction.

Col. I. B. McDonald, of Columbia City, is again in so critical a condition that it is believed he can survive but a few days.

One of the limited interurban cars on the Wabash Valley line killed four fine hogs which were on the tracks near Boyd Park Sunday.

Walter Penfield, formerly of Auburn, is critically ill at his home in Washington, and will undergo an operation for appendicitis.

John J. Hethrington, formerly manager of the Hotel Oliver in South Bend, is reported to be dying in a Detroit, Mich., hospital.

Joseph Usselman, a veteran soldier, was killed by a train while walking on the tracks of the Baltimore and Ohio railroad near Bremen.

Charles Stewart, night roundhouse foreman for the B. & O. railroad at Garrett, has gone to New Castle, Pa., to take a similar position.

William Small, a life-long resident of Huntington county and prominent in business circles at Andrews, died there Sunday afternoon. He was 55 years of age.

DeKalb county physicians have united in the organization of "The Physicians' Protective association," and will attend no patients who do not pay their bills.

All Saints chapel at Lake Wawasee was consecrated Sunday by Bishop White, assisted by Father Roland, with the St. James Episcopal choir of nearly sixty voices. It was a notable event.

Adam Cristoffel, a prominent farmer near Butler, was found lying in a field Saturday evening suffering from a stroke of paralysis with which he had just been stricken. It is believed he will recover.

Rev. B. M. Nyce, who has been president of Talladega college in Florida, has accepted a call to the pastorate of the First Presbyterian church at Muncie. He is a brother of Rev. Harry B. Nyce, of Peru.

It cost Orlando Slessman, of Columbia City, a fine of $5 and costs on a charge of provoke, to express his private opinion of Deputy Fish Commissioner Andrew Vanderford. Slessman has had much trouble with the officer.

Sheriff George Mahoney, at Huntington, Sunday raided a "blind tiger," which he found in operation in a bath room at the Exchange hotel. The beer was kept in a bath tub, and was gotten to thirsty customers with much secrecy.

Mrs. Adam Mow, of Rochester, died Saturday evening from fright at a severe electrical storm. She had been ill from heart trouble, and when the thunder began to peal the woman suddenly grew worse and expired before a physician could reach her.

Sheriff Martin, of Wabash county, who has been in office but two years, has in that time taken sixty-three insane patients to the asylum at Logansport. With the exception of Elkhart, Wabash now has more patients at Longcliffe than any other northern Indiana county.

While inquisitively playing about a table at its parents' home, a year-old child of Mr. and Mrs. A. L. Becker, about two miles west of Warsaw, turned over a pan of hot grease and was horribly burned about the neck, chest, arms and one foot. It is feared the child cannot recover.

Shirley Musselman, aged 23 years, Millersburg, had both feet cut off by a Lake Shore engine at Englewood, Ill., Sunday. He was a fireman on a switch engine and had crawled under the locomotive to clean out the firebox. The engineer not knowing he was there started the locomotive.

The skeleton found in the Mississinewa river at Marion Saturday afternoon has been identified as that of George Shepp, a Pottawatomie Indian, who disappeared early in January. He had lived in Marion and at the Indian village near Peru, and identification was made by means of remnants of clothing which still clung to the remains.

When one of William Rudy's oldest hens got into Christ Seeberger's yard in Elkhart, Seeberger attacked it, driving it from his flower garden. Rudy had Seeberger arrested, charged with cruelty to animals and he was fined $1 and costs. This is the first case on record of a conviction of cruelty to animals with a chicken as the central figure involved.

Just after the Anderson excursion train to Benton Harbor had passed over it Sunday, a small bridge on the Big Four railroad, just north of Wabash, collapsed. Nobody is able to explain why the structure went down after it had been relieved of the heavy weight, but in any event passengers are grateful that they escaped with their lives.

George Norris, 55 years old and long a resident of South Whitley, fell from the roof of a barn which he was shingling Monday evening and sustained injuries from which he died fifteen minutes later, without having regained consciousness. The accident occurred at Taylor's Station, and the roof had been rendered slippery by rain which had fallen but a few minutes before.

The George Wertz furniture store at Fremont collapsed Saturday night just after closing hours. But a short time previous to the collapse a large number of people were in the building and had it occurred then a great loss of life would have resulted. As it is nothing but a damage to the stock of goods and building will have to be met. The giving away of the foundation was the cause.

The Columbia City Free Library, which is supported entirely by private funds, is now in its seventh year, and its shelves hold a total of more than 14,000 volumes. Officers of the association have just been elected as follows: President, S. J. Peabody; vice presidents, Mrs. A. A. Adams and Mrs. W. F. McLallen; librarian, Mrs. J. A. Ruch; assistant librarian, Miss Jennie Collins; secretary, W. F. McLallen.

A. J. Baker, residing at Flora, south of Logansport, is unable to read newspapers or magazines, but can read the bible satisfactorily. The case is a most extraordinary one. Baker says that his early education was seriously handicapped by circumstances prevalent in the early days of the country, and he never learned to read until in recent years, when he joined church and the wonderful change came into his life and he was given power to read and interpret the scriptures. The strange feature of his case is that the bible is the only book he can read. He cannot read a word in a newspaper, magazine nor any other periodical. Mr. Baker says the good book is easy for him to read and understand, and if anyone doubts his word he will give a demonstration at any time to their entire satisfaction. He says he prayed for power to read and interpret the scriptures and his prayer was answered.

Home Treatment for Women

The Prescription of a Great Physician

VALUE PROVEN

During Twenty Years of Actual Practice

Probably one of the most successful medical specialists in the treatment of women's diseases was Dr. Pengelly. He formulated Zoa-Phora by using a number of medical ingredients, which experience had shown him to be the best, and combined them in just the right proportions to produce the desired effect on woman's delicate organism. During more than twenty years of actual medical practice, he invariably prescribed Zoa-Phora for the alleviation of pain and for the permanent restoration of health to sick and ailing women.

Success to a marked degree attended his treatment of all those diseases and derangements of the genital organs which are peculiar to women only. It is not necessary to enumerate here the various forms of weakness and disease—all women know what they are—which Dr. Pengelly treated so successfully by the use of Zoa-Phora.

Further proof of these statements, if desired, and more detailed information as to the results obtained from the use of Zoa-Phora, can be obtained by writing the Zoa-Phora company, Kalamazoo, Mich. They will gladly answer all inquiries and will send you copies of letters from many women who volunteer words of praise for the doctor's treatment. Within a short time the demand for Zoa-Phora, brought about by the recommendation of women who had been blessed by its use, became so great that the doctor could not personally attend each patient, and now Zoa-Phora is being sold by reliable druggists nearly everywhere. It comes in sealed, sterilized, dollar bottles, already prepared, and compounded in just the right proportions. There can be no mistake if you ask for Zoa-Phora.

In each package will be found a copy of "Dr. Pengelly's Advice to Women," a medical book giving interesting and instructive information about the diseases of women, and the way to successfully treat them in the privacy of your own home. You need not tell your troubles to any one.

BEST MEDICINE IN THE WORLD FOR COLIC AND DIARRHOEA.

"I find Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best remedy in the world," says Mr. C. L. Carter, of Skirum, Ala. "I am subject to colic and diarrhoea. Last spring it seemed as though I would die, and I think I would if I hadn't taken Chamberlain's Colic, Cholera and Diarrhoea Remedy. I haven't been troubled with it since until this week, when I had a very severe attack and took half a bottle of the twenty-five cent size Chamberlain's Colic, Cholera and Diarrhoea Remedy, and this morning I feel like a new man." For sale by all druggists.

Fortunately the dark days when Corsica resembled a huge battlefield survive only as a terrible memory of the past. Today we can hardly credit the fact that between the years 1539 and 1729 300,000 people were murdered out of revenge, and that during thirty-one years of last century—from 1821 to 1852—the number of murders was estimated at 4,300.—Wide World Magazine.

THE DOCTOR AWAY FROM HOME WHEN MOST NEEDED.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp colic and cholera morbus require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life. For sale by all druggists.

The London Statist says that the total value of the exports of Australasia in the period from 1906 to 1910, inclusive, apart from any further expansion after the end of 1907, will amount to about $1,875,000,000, or, if no drought, probably more than $2,000,000,000, in contrast to only $805,000,000 in the five years from 1886 to 1890, a growth in only twenty years of from 150 to 180 per cent.

WISE COUNSEL FROM THE SOUTH

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. R. Blankenship, of Beck Tenn. "I have prove to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles, I am completely cured; so completely that it becomes a pleasure to recommend this great remedy." Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, those poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

THE CRUSADE FOR LAW.

Members of the Good Citizenship league who were out last Sunday scouting have reported to the prosecuting attorney the cases of some twenty-five saloonkeepers who were found to have violated the screen law on that day. Affidavits are in course of preparation and in due time arrests will be made. It is said that on the list are one or two saloon men whose conviction will ensue in forfeiture of the license. There are few saloons in Fort Wayne that cannot by diligent effort on the part of the authorities be brought to this situation. The Nicholson law is explicit and mandatory upon this phase of law violations by saloons. A few instances of resort to this drastic measure will have a most wholesome and salutary effect on the saloon business in Fort Wayne. There are few saloonists—not any, in all probability—who will not conceive that it is better to be content with the six days of business the law permits and prescribes than no business at all. Control of the saloon business presents some difficulties, but control would be absolute if the mayor were attentive to his duties and mindful of his oath. Since, however, the mayor chooses to persistently and flagrantly disregard his sworn duty, the end desired seems likely to be accomplished by the means now employed.

The mayor can get much information of authentic sort regarding the administration of the law in Fort Wayne by watching the progress of the saloon cases from time to time as they come up in the courts. Already many saloonkeepers have pleaded guilty to violating the laws, others will do so and still others will be proved guilty. It is well understood, of course, that since his inauguration Mayor Hosey has been too busy with other concerns to give his police department orders to have the laws obeyed, but it might perhaps interest him to have the proof that as soon as he gets time, if such a state of affairs should come about, there is really something for him to do in fulfillment of his oath to uphold the laws of the state and the ordinances of the city.

From Washington comes the news of a new and drastic policy to be adopted by the department of justice in dealing with trusts. As this bit of information has it, it will not suffice hereafter to secure a mere injunction to restrain unlawful combinations from doing business. Where conditions make it practicable it is proposed to seek of courts the appointment of receivers to operate the business of convicted trusts, squeeze out the water and then sell at their true valuation the plants of illegal corporations in order that competition may be revived. Now, if this is not almost running amuck, what should it be called?

Guess this will hold Secretary Taft and his avoirdupois for a while. Out in the Yellowstone Vice President Fairbanks leaped into water and rescued a young woman who was drowning while other men stood about with mouths agape and did nothing. We say "leaped" into the water because dispatches describe that as the manner in which the vice president went into the drink, but we reserve the right to believe that he waded in. Would be water of uncommon depth the vice president could not perform a rescue in without taking a plunge and getting wet all over.

Ambassador Whitelaw Reid is said to be simply stunning the British by the splendor and lavishness of his entertainments. He is said to have all other embassies in London beaten to a frazzle and the king's own functions racing hard to keep ahead. As there appears to be little else for an American ambassador to do in London just now, why fret? Whitelaw has the money and the only regret that can arise is that he is not putting it in circulation at home.

The "Jim Crow" car is lawful in southern states, but the patrons of it are entitled to the same accommodations and service as are afforded white patrons of other cars where the same fare is charged. Our colored friends in the south will soon revel in an abundance of dirty washbowls, sticky soap and stiff towels quite after the fashion of white folks who travel.

"There will be no ships of the 'Dreadnaught' class in the United States navy," is the declaration of the navy department. All right; let it go at that. Battleships by any other name will cost as much and seem as terrible and can be made to sound more boastful or less as the wish may be.

Judge Landis has taken until August 3 to figure out what part of the thirty-million-dollar fines for which the oil octopus is liable, should be inflicted. Oughtn't to take that long. If ever a corporation was peculiarly constructed for the limit the Standard oil concern furnishes the example.

Washington government denies there is the faintest prospect of war. Tokio government declares such a thing is quite impossible. This ought to settle the war sign business at least until hostilities have been inaugurated by one or the other.

Mayor Schmitz may run for the office again, but it does not appear that it will be a personally conducted campaign. His honor will be unavoidaby absent from Frisco at the time.

Save for the difficulty made by the wanting of each nation of peace on its own terms the conference at The Hague is doing very well; also much.

BRIBER PLEADS NO DEFENSE.

Causes Surprise in Pittsburg Court When His Case Is Called for Trial.

Pittsburg, July 9.—Charles S. Cameron, president of the Pittsburg & Tube City Railroad company, who was charged with an alleged attempt to bribe Councilman W. A. Martin to secure the passage of a franchise ordinance granting the Tube City road right of way into Pittsburg, caused a surprise in criminal court yesterday by pleading no defense when his case was called for trial. The plea was accepted by Judge Frazier, who said sentence would be imposed after the final disposition of the other cases to which this one was related.

Martin was tried recently and convicted on a charge of soliciting a bribe, but an appeal was taken to the superior court. The suits against Cameron and Martin followed the loss on Nov. 29 last of a package containing $70,000, which it was alleged was to be used to secure the passage of the Tube City railroad ordinance.

YALE STUDENT SENT TO PRISON.

Robert Woolsey Hume, '07, Son of Missionary, Confesses Forgery.

Kansas City, July 8.—Robert Woolsey Hume, a Yale student of the class of 1907, pleaded guilty in the Wyandotte county district court yesterday to passing a worthless check. Judge McCabe Moore sentenced Hume to an indeterminate term of from one to five years in the Kansas penitentiary.

Robert Woolsey Hume was allowed to plead guilty under the name of Robert Woolsey in order that the records will not show that one of an old New England family has been sent to the penitentiary. He is 22 years old and was born in India. His father, who is a missionary, is now living in New Haven, Conn.

Hume admitted that he forged checks in the east shortly after his marriage to a young society woman of Meriden, Conn., who has brought suit for divorce.

BOY SHOOTS NEGRO ASSAILANT.

Opens Fire With Shotgun During Quarrel Over Craps Game.

Vincennes, Ind., July 9.—Using a big shotgun and aiming directly at his head Julius Brown, aged 19, attempted to kill George Gowens, a negro, aged 25, here last night, following a craps game argument in which a father and two sons were arrayed against three negroes. The shot sent after Gowens carried wild and the negro was injured only slightly in the left leg, while a strange woman who was passing on the street narrowly escaped. When Frank heard that his younger brother, Julius, was being attacked by the negroes he started out to his aid. Julius in the meantime shooting the negro who had started the argument with him. The police arrested them all for shooting craps.

LAWYER MUST FACE TRIAL.

Ex-Prosecutor of St. Joseph County to Appear In Court July 19.

South Bend, Ind., July 9.—A committee appointed by the circuit court to file disabarment proceedings against ex-Prosecutor George A. Kurtz yesterday filed additional charges against the lawyer and succeeded in having the court set the case for trial on July 19 despite vigorous opposition by the defense. The additional counts charged Kurtz with extortion and accepting bribes.

Poor Paint is Expensive

If one is rich enough to repaint his buildings every year for the pleasure of having a change of color scheme, the quality of the paint used may cut little figure. Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions, which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nervine. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeons' knife, would, it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a MEDICINE OF KNOWN COMPOSITION, a full list of all its ingredients being printed, in plain English, on every bottle-wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely *free* if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

BROWNSON ON RETIRED LIST.

Admiral on Account of Old Age Is Relieved of Duties.

Washington, July 9.—For the second time in recent years the head of the bureau of navigation, the most important of the great naval bureau, will after yesterday and for an indefinite period of time be filled by a retired officer.

Rear Admiral Willard Herbert Brownson, who has filled the office of chief of this bureau since the retirement of Admiral Converse, was yesterday placed on the retired list on account of age, but like his predecessor, Admiral Converse, by special direction of the president he will continue at the head of the bureau.

Admiral Brownson has had a brilliant naval record on the active list.

The bites and stings of insects, sunburn, cuts, burns and bruises relieved at once with Pinesalve Carbolized. Acts like a poultice. Draws out inflammation. Try it. Price 25c. Sold by Rhoads Drug store.

BONDS FOR MASONIC BODIES.

Second Mortgage Securities Issued by Temple Association.

Stockholders of the Masonic Temple association, meeting Monday evening, voted an issue of second mortgage bonds to the various Masonic bodies for money which they have advanced to the Temple association during the past twenty-five years, with compound interest added. The total will be between $50,000 and $60,000. The original indebtedness of the association, amounting to about $42,000, has been reduced to something like $18,000.

HOW TO CURE CHILBLAINS.

"To enjoy freedom from chilblains," writes John Kemp, East Otisfield, Me., "I apply Bucklen's Arnica Salve. Have also used it for salt rheum with excellent results." Guaranteed to cure fever sores, indolent ulcers, piles, burns, wounds, frost bites and skin diseases. 25c at Dreier & Bro drug store.

POULTRY ASSOCIATION ELECTS.

The People's Poultry and Pet Stock association took on new life at their meeting Monday night and prospects are now for a grand and better show than ever held before for next January. The election of officers was held and arrangements were made to lift the debt incurred at the last annual show. The officers elected for the ensuing year are as follows: President, Dr. William H. Meyer; vice president, W. B. Holterman; secretary, P. A. Heller; treasurer, J. T. Didier; superintendent of dogs, O. E. Wolf; superintendent of poultry, Robert Dean; board of directors, Julius Tonne, Tillman Young, James O'Ryan, F. Ehrman, Joseph Hedding and Joseph Fox.

A cleansing, clean, cooling, soothing, healing household remedy is DeWitt's Carbolized Witch Hazel Salve. For burns, cuts, scratches, bruises, insect bites, and sore feet it is unequaled. Good for piles. Beware of imitations. Get DeWitt's. It is the best. Sold by all druggists.

FAREWELL TO PASTOR ROEHNER.

People of Hoagland Give Reception to Departing Minister.

Hoagland, Ind., July 8.—A reception was held here at the home of Dr. Morris on Saturday evening for Rev. H. C. Roehner who has resigned the pastorate of the Antioch Lutheran church. The reception was a surprise to Rev. Roehner. Mrs. David Emenhiser invited the Roehner family to spend the evening at her home and while they were waiting for the carriage to call for them the whole congregation with many other friends in the community, invaded the parsonage. After the first degree of astonishment felt by Rev. Roehner had worn off the entire company proceeded to the home of Dr. Morris, where refreshments were served. Dr. and Mrs. J. L. Smith, Mrs. David Eminhiser, Miss Lydia Gresley, Dr. Morris and C. F. Hubler received the guests in the parlor. Mrs. Morris, Mrs. Ed Corville, Mrs. Cary, Mrs. John Tom and Mrs. C. F. Hubler served in the dining room. Friends from a distance who attended were Mr. and Mrs. Dan Barkley, Mrs. Falls and daughter, Minnie, from Fort Wayne, Mrs. McLaughlin, of Ada, Ohio, Mr. and Mrs. Baxter from Columbus, Ohio, Mrs. Ogden of Gettysburg, Pa., Mr. and Mrs. J. Harvey Hubler of Indianapolis.

Rev. Roehner left this morning for his new field of labor at Grand Rapids, Mich.

Rev. Roehner leaves the Hoagland pastorate with the best of feeling and very great regret as the relation between pastor and people has been exceedingly pleasant. The congregation is left in good condition both spiritually and financially and the separation of pastor and his wife from the Antioch church is keenly felt by our people who wish that the friendships in the new home may equal those Rev. and Mrs. Roehner are leaving here.

The New Broadway Magazine is a Magazine for You

Starting out with a field all its own, the NEW BROADWAY MAGAZINE has succeeded in gathering together, month by month, such vital, forceful articles on live affairs of national importance, such fresh, happy-hearted stories, such really useful and interesting departments, and such a wealth of magnificent illustrations that it has built up for itself a following that is firmly fixed—because no other magazine so thoroughly covers the range of human interest in so delightful a fashion.

One of the finest examples of the NEW BROADWAY MAGAZINE'S high-class contents, originality and scope of appeal is the July number.

It contains such diversified articles as "The Story of New York's Bridges"; an article showing what the American Indian has done as a subject for America's painters; "The Summer Pleasures of Society," in which a society woman tells of the warm-weather pastimes of the rich; an article describing and illustrating "Country Mansions," and another of the inimitable "Summer Hostess" features which are delighting women everywhere.

The July BROADWAY'S collection of stories of the true BROADWAY quality is simply unrivaled. Nine Complete Short Stories and an installment of a series of "Letters," which is complete in itself, by such favorites as Eleanor Hoyt Brainerd, Zona Gale, Filson Young, Anna Alice Chapin, Sherman F. Johnson, Margaret G. Fawcett, Raymond Lee Harriman, and John Barton Oxford. Eleanor Hoyt Brainerd's contribution—the first of five installments of "Letters of a Débutante"—is nothing short of the literary treat of the year. It is a story that no American woman should miss, and that no man will be able to drop, once he starts it.

BROADWAY'S Departments telling of "Actorland in Dog Days"; and what prominent New Yorkers are doing, with photographs, etc., are brighter than ever; if you long for bright reading and beautiful pictures which nothing seems to satisfy, you should get

Twenty-Five Years Ago

What The Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

On the 13th inst. the U. S. courts convene here with Judge Drummond, of Chicago, on the bench.

A Calhoun street car en route to the show grounds, broke down this afternoon. It was too heavily loaded.

Prof. W. F. Heath, of this city, was elected secretary of the National Music Teachers' association, now assembled in convention in Chicago.

Sheriff Cosgrove was on roller skates for the first time last night. He took several tumbles, but persistently stuck to the acrobatic pastime.

A project is on foot to put a portable floor in the Academy and use it as a roller skating rink. This will not interfere with the theatrical performances.

The Forepaugh street parade this morning was an imposing pageant and was witnessed by thousands. The monster elephant, "Bolivar," was in the procession with 21 smaller elephants.

Mrs. Judge Lowry has kindly consented to play the new organ in the Wayne Street Methodist church for a few weeks, until they are able to secure the services of a permanent organist.

The mayor's order that the police must keep out of saloons is misunderstood by many patrolmen. The real meaning of the order is that they must keep out of these places unless on business.

The contract for building the New York, Chicago & St. Louis roundhouse and repair shop was awarded to M. Baltes & Co., and the contract, duly signed, was forwarded to headquarters yesterday by Hon. William Fleming, a director of the road.

C. S. Knight, who is now in charge of the gas office here, is a member of the Logansport common council, his term not expiring until May. He goes to that city every month to attend council meeting, and has not missed a session during his residence here.

THE JULY CLEARANCE

OPENED SATURDAY, JULY 6th
And Continues All This Month
OUR COST SALE

The Greatest of Clearance Sales

INSPIRED by the unprecedented success of our past annual sales, we have determined to make this sale the largest and most successful of our history. It will be positively the greatest bargain opportunity ever known in Fort Wayne merchandising. Everything thoroughly rearranged and repriced for this great event. How much can you save? The ladies of Fort Wayne can answer this inquiry best. They know from past sales the immense scope of OUR COST SALES. Every word we advertise, every item we announce is absolutely true to the letter. Hundreds are waiting for this announcememt, and many hundreds will come to the opening day of our sale. Let us tell you the Whys and Wherefores. Let us give you some plain open-faced reasons why the JULY CLEARANCE is the Greatest Sale Event of the Year.

Because—Surplus stocks must be moved—we cannot allow them to accumulate—stagnation is the death of the trade.
Because—Spring and Summer Goods must be hurried out regardless of cost and profits—there must be quick action.
Because—to effect this we must cut prices boldly and fearlessly. No half-hearted business about it.
Because—The price cut effects every line and every department, goods at cost or less, all over the store—no reservations.
Because—It follows as a matter of fact, that values are greater and prices lower for quality than any other season.
Because—Well if you require further reasons, look for them in the following items. We have given you the **facts.** Here are the **figures.**

Sale Begins Next Saturday at 9:00 a. m.

SOCIETY

A company of young girls had a most agreeable time this morning at the home of Miss Olive Doud, 525 West Wayne street. Miss Doud's guest, Miss Nellie Fox, of Grand Rapids, was the honored member of the party. The amusements were a guessing contest of flowers and vegetables and fashioning hats of various colors of tissue paper. After a merry time in the millinery contest a luncheon was served on small tables with Miss Ethel Doud and Miss Katherine Freese assisting Mrs. W. E. Doud. Each table was decorated with a bouquet of garden flowers, no two bouquets being alike, and the effect was lovely. There were invited to this party Miss May Saylor, of St. Louis; Miss Helen Miller, of Chicago; Miss Olivette Falls, of New York; Miss Alice Worden, Miss Josephine Holsworth, Miss Susie Coppock, Miss Mabel Hull, Miss Lael Melson, Miss Edith Harding, Miss Gwenn Saylor, Miss Helen Bassett, Miss Myrtle Carter, Miss Flora Cook, Miss Bonnie Auger, Miss Esther Auger, Miss Ignota White, Miss Nellie Henry, Miss Laura Marriotte, Miss Eliza Hanna, Miss Pearl Karn, Miss Olive Lenig, Miss Laura Lenig.

Those who assisted in the celebration were Misses Celeste Miller, Cora Rose, Edith Katte, Katherine Belger, and Messrs. Emmett Markey, Harry Sullivan, Harry Miller, Al Moran and Harry Zoellers.

The residence of Mrs. Charles Stegner, on Lumbard avenue, presented a lively appearance Sunday evening after a number of young people had called by invitation to spend the evening in celebration of Walter West's eighteenth birthday. Flags were used to decorate the house and Japanese lanterns lighted the porch. There were various games played out of doors and delicious refreshments were served. The guests were Misses Alma Rehling, Bertha Brandt, Bertha Young, Emma Davidson, Theresa and Amelia Young, Erma, Gertrude and Frieda Stegner, Carrie Ertel, Anna and Amanda Auman, and Messrs. Theodore Brandt, George Ertel, Herman and Stephen Young, Gus Roembke, Ed Gerding, Walter West, Ed Brandt, Louis Auer, Elmer Wadington. Music was furnished during the evening by G. Roembke, violinist, accompanied by the hostess, Miss Irma Stegner. Miss Alma Rehling assisted in serving refreshments.

An "indoor picnic" was the way Miss Olive Doud designated her evening party of yesterday which she gave for her friend, Miss Nellie Fox, of Grand Rapids. Japanese lanterns lighted the porch and in the house the archways were draped with national flags and many bowls of Shasta daisies lent further effective decoration. The young girls were presented with bows of different colors to fasten to their gowns when they first arrived. Later in the evening the young men were handed real fish rods and reels and directed to fish for baskets of supper. When each one had his "fish" he found his basket ornamented with a bow of ribbon on the handles which corresponded to the bow worn by one of the girls. Matching the bows resulted in partners for contents of the baskets. Supper was served then on a long table which had been prettily laid in a cloth made of crepe paper. Two prizes were won in the fishing contest. Miss Helen Bassett and Herbert ZurMuehlen being the lucky ones. After the delicious supper was disposed of red letters was played and prizes earned by Miss Myrtle Carter and Arnold Curdes. The guests included besides those already named Misses Mabel Wood, Edith Harding, Laura Marlotte, Nellie Henry, Ethel Doud, Leslie and Lyle Tucker, Helen Miller, of Chicago, and Messrs. Leonard House, Abbott Carter, George Lund, Edward Leach, Earl Thompson, Ralph Lenig, Dick Vesey, Mr. Kent, George Thorward, of South Bend.

Play for Y. W. C. A. Tonight.

The outdoor performance for the benefit of the building fund for the Y. W. C. A. will be held this evening on the lawn at Judge Alden's residence on Fairfield avenue. "The Blind Girl of Castle Guille" is the name of the entertainment. A Maypole dance will be one of the prettiest features and the music is very good. The same playlet was given last season with a different cast of characters for the benefit of St. Margaret's Guild. Mrs. Jessica Pond Van Sickle directs the play and has drilled the performers.

Stover—DeVaux.

The marriage of Miss Gertrude DeVaux, daughter of E. F. DeVaux, and Mr. James Stover, son of Mr. and Mrs. George Stover, took place Monday evening, July 8, at the home of the bride, 64 Wayne Trace. Immediate relatives and near friends witnessed the ceremony which was performed by Rev. N. W. Bloom, of Fort Wayne. The bride, a very pretty and sweet looking young woman, wore a dainty gown of white silk trimmed with valenciennes lace and a veil of tulle held in place with a wreath of orange blossoms. Mr. and Mrs. Stover will live at 1201 West Main street.

SKYSCRAPER ON HIS BOND.

Mackay's Chauffeur Is Bailed With Big Building as Security.

New York, July 9.—Because he was chauffeur for Clarence H. Mackay, James Hazlean yesterday enjoyed the distinction of having the sky-touching Postal Telegraph building in Broadway put up as bail for his appearance in court. Hazlean was arrested in Hoffman boulevard, Queens, when he was going thirty miles an hour, and it took a motorcycle to catch up with him. Patrolman Ennis, of the Jamaica police, took Hazlean to the station and Mr. Mackay, who was in the machine, went along.

The lieutenant at the desk said he would hold Hazlean in $200 bail until he was arraigned before Magistrate Healey at Far Rockaway. The chauffeur did not have the $200, and he appealed to Mr. Mackay. The employer found he had not quite that amount of cash and he offered to write out a check. Then the lieutenant developed an idea.

"Have you any real estate you could offer as security?" he said.

"Oh, yes," replied Mr. Mackay. "I guess the Postal Telegraph building in Manhattan is ample security, isn't it?"

The lieutenant thought it was and he agreed to permit the chauffeur, accompanied by Mr. Mackay, to leave the court.

Magistrate Healey at Far Rockaway held Hazlean in $100 bail for trial in special sessions.

ANNUAL CONSCIENCE WORKS.

Thief Returns Watch Just a Year From Date of the Burglary.

Paterson, N. J., July 9.—Whether conscience smote a thief with extra vigor on the anniversary of the day of one of his burglaries never may be known; but it was an odd coincidence if nothing more that five watches and their chains, stolen from the house of George Gillian, 16 North Straight street, on July 1, 1906, were returned to him mysteriously on July 1, 1907. Gillian didn't mention the fact to the police until today.

Gillian and his wife went to Newark on July 1, 1906, to visit friends. On reaching home that night they found the house had been looted. One hundred dollars, four gold watches and a silver watch were gone.

Before her marriage Mrs. Gillian boarded with Mrs. Philip Hamilton, of 81 Garfield avenue. On last Monday, the anniversary of the robbery, Mrs. Hamilton received a package that had been mailed in Newark. Mrs. Hamilton's name was printed with pen and ink on the wrapper. Opening the package Mrs. Hamilton found five watches and as many chains. Mrs. Hamilton recognized them and informed Mrs. Gillian, who joyfully claimed her long-lost property.

FOUR WORKMEN INJURED.

Roof of New Building in Which They Were Employed Falls.

Kempton, Ind., July 9.—Four men were more or less seriously injured here yesterday as the result of a falling roof at the new building being erected by the Kempton Canning company. The most serious injuries were received by Wilson Tunis who was badly hurt about the head and back. He is in a serious condition. William Longfellow suffered a broken wrist and sustained injuries about the back while Walter Bay and Sylvester Rude were badly bruised about the head and body. The men were working on the roof of the new building when it gave way, and they fell to the floor two stories below. Tunis fell into the basement.

LIGHTNING HITS HOUSE.

During the storm Monday evening lightning struck the residence of G. L. Hackins, 812 Washington boulevard west, traveling down a chimney and badly wrecking an electric light chandelier. Members of the family were not seriously affected by the shock, and the damage was not extensive.

WIRE QUESTION BEGETS HOT ARGUMENT IN COMMITTEE

Opinions Freely Expressed and No Solution is Forthcoming.

In the closing round of a torrid argument in the city hall council chamber last night, where the Spy Run wire question was under consideration, Col. J. Levering Jones for the Fort Wayne and Wabash Valley Traction company, agreed to pay a sum equal to the cost of five feet of pavement from the bridge to Elizabeth street, and a further amount equal to the cost of moving the poles in event of the paving of the thoroughfare if the property owners will bear the balance of the expense of removing the poles and wires from the avenue.

This contemplates the widening of the avenue ten feet and the proposition was not made until there had been exchanges of opinions in which the acrimony developed by the situation cropped out almost to the point of "cuss" words. When Chairman Kinder, Secretary Bayer and Members Henry and Rodenbeck, of the sub committee of the council committee of the whole had heard the arguments, an adjournment was taken for a week with the hope that the factions may get together. The compromise proposition came in the form of a suggestion from Mr. Bayer and was the only attempt except that of Henry C. Paul to pour oil on the seething waters.

Col. Jones Wants to Know.

As an opener Col. Jones wanted the indictment read before he entered a plea. He said he wanted to know why the wires were objectionable before he could discuss their removal. J. M. Stouder told him. He said there were so many poles and so many wires that they are a menace and that he believed the company occupied the street by suffrance rather than right. F. B. Shoaff said the poles are an obstruction and that from one of the much traveled thoroughfares of a few years ago the street had become impassable on account of the encroachments of the company.

Col. Jones in his reply took the ground first that the property owners had worked an injustice by permitting the construction of the plant and the stringing of the wires without an objection and after the company had expended thousands of dollars they came in and wanted the work undone at a cost to the company that will approximate $35,000. He said the maintenance of public utilities naturally entails inconveniences and that Spy Run avenue in this particular occupies the same position with thousands of other streets in larger cities. He reached the point where he was saying some very pointed things when Mr. Paul interrupted him to talk compromise.

Suggests Basis of Compromise.

He stated that the widening of the avenue had been suggested to him and added that the property owners ought to come in a spirit of compromise and not with a command to the traction company to get off the street. He also said that in time matters would probably adjust themselves so that relief can be obtained. Col. Jones said property values had been increased and the owners disputed this.

Ben R. Barva took a hand and wanted to know why the wires can not be buried. Col. Jones replied that he would give him $30,000 to do it. He was told that he bought his property there and lived in it knowing the conditions and the cross fire of highly illumined repartee became so bitter that Chairman Kinder rapped for order and ended the whole discussion after Mr. Bayer had offered his suggestion that a compromise be tried.

The traction company was represented by Col. Jones, Mr. Paul, General Manager C. D. Emmons, Auditor Harry E. Vordermark and C. G. Guild. Councilmen Cook, Langard, Wyss, Boerger, Welch and President Schwier were present, with E. J. Lennon, Jesse Brosius and Henry Schwartz, of the board of public works.

BIG PLANT DESTROYED.

Piqua, Ohio, July 9.—The plant of the American Scraper company, at Sidney, one of the largest in the United States, burned to the ground early this morning. Only a small section was saved from the flames. The loss is estimated at $200,000. The fire was caused by an explosion.

PARIS FASHIONS

PARISIAN STREET COSTUMES

Stunning models for afternoon wear are these Parisian costumes in the illustration. They are such different types, too, that if the rather plain frock with short pleated jacket and walking length skirt did not please the fancy, then the long coat, elaborately trimmed with bright colored guimpe, and the full flowing skirt would surely be acceptable.

Either of these smart suits will be in favor during the summer and early fall, and if made of light weight voile, or mohair, should be comfortable for use in the severely hot weather.

Care of Hands

Ugly Hands Made Attractive by Systematic Treatment

By Margaret Mixter.

Proper management of their hands is a thing all women should learn. Few are born so graceful that they are unconscious of these members, which can do more to express awkwardness than any other part of the body.

Having something to hold is the greatest possible help in overcoming this defect, and a girl going through the hobbledehoy age, when she acts as though doubtful of whether her hands really were hers or not, should always carry a purse, umbrella, parasol, fan or something, however, small, over which her fingers may close, for some such article will do more than kind words to set her at her ease. In dramatic schools both women and men are given something to hold at all times until they become so accustomed to the stage as no longer to feel shyness, and a cane or umbrella is recognized as being a powerful factor in the development of natural grace.

Pretty hands, unfortunately, are uncommon, but happy owners of this real beauty make a mistake by allowing them to become overconspicuous. The hands are evident enough at all times, and to flourish and wave them is neither graceful nor well mannered. To appear at all times unconscious of them is the thing to strive for.

No care, however, is too great to be expended upon them, and every hand should show good manicuring, scrupulous cleanliness and a healthy condition of skin. All three of these characteristics are quite within the reach of every woman and are to be attained chiefly at the expense of effort rather than money. It is well if one can afford a manicure once a week, but if this is impossible a woman may still have her nails well smoothed and shaped, and by their neatness indicate her care. There is never a nail so homely that it cannot be made to look better by clearing it of superfluous cuticle and rounding the top nicely. A high polish should be avoided except where the nails are nice enough to bear inspection. If not naturally well shaped and fine there is no use in accentuating them by a conspicuous polish.

The wearing of cheap rings is one of the greatest blemishes an unattractive hand may have. Far from hiding its homeliness, they attract attention to it. Very elegant rings make one forget the hand wearing them, but jewels handsome enough to do this are the exceptions.

Big gloves worn when sweeping or dusting protect both skin and nails, and rubber gloves when the hands must go into water prevent harm. A liberal application of cold cream and careful washing with fine soap after several hours of being at the wash tubs will keep the skin from drying, especially if there is a second application of cream after the laving with toilet soap.

CORNS AND TENDER FEET.

For home treatment of corns remove all the hard skin that you can, then soften it in warm water and rub with cold cream, vaseline or any softening salve you prefer. Let this be done at night. The next night begin by softening the corn in warm water, rubbing with a pumice stone, finishing with cold cream. If you will persevere with the warm water, pumice and salves every night you will be at peace. Even dry rubbing with pumice is good, with the salve both night and morning, says Woman's Life. When the feet are weary and tender through long standing or walking during the day there is nothing which will give more relief than a warm footbath in which has been dissolved a handful or two of sea salt. Bathe the feet and legs with this for about ten minutes and then rub them well with a good rough towel. The effect is delightfully refreshing, and if you do this just before going to bed insomnia for that night, at any rate, is not likely to trouble you.

FOR SORE THROATS.

For an ordinary sore throat, with loss of voice or huskiness, dip a folded handkerchief in cold water. Encircle the neck with the wet handkerchief and cover it with several folds of old flannel. One night's application is usually sufficient to relieve slight cases.—Woman's Life.

THE PARENT'S LAMENT.

My little boy is eight years old,
He goes to school each day;
He doesn't mind the tasks they set—
They seem to him but play.
He heads his class at raffia work,
He also takes the lead
At making dinky paper boats—
But I wish that he could read.

They teach him physiology.
And, O, it chills our hearts
To hear our prattling innocent
Mix up his inward parts.
He also learns astronomy
And names the stars by night—
Of course he's very up to date,
But I wish that he could write.

They teach him agriculture,
They teach him how to draw,
He babbles of mythology
And gravitation's law;
And the discoveries of science
With him are quite a fad,
They tell me that he's a clever boy
But I wish that he could add.

METHODIST PASTOR ACCUSED.

Clergyman Leaves Nebraska In the Face of a Scandal.

University Place, Neb., July 9.—Rev. W. P. Ferguson, pastor of the First Methodist church of this place, the largest Methodist church in the state of Nebraska, has taken a thirty-day vacation and gone east. He is accused by a member of his congregation of gross misconduct in his relations with the wife of the complainant. A formal complaint has been lodged with the church board by the husband, and charges will be preferred at the annual Methodist conference in September in case the accused pastor decides to stand trial.

Members of the board say they expect him to send notice of his retirement and resignation from the ministry. University Place is the seat of the Nebraska Wesleyan university and is five miles from Lincoln, the capital of the state. Mr. Ferguson was called here from Redlands, Cal., less than a year ago. He is a widower, about 40, and has four children. The scandal in which he has become involved concerns also the woman with whom he and his children have been boarding.

Sentinel's Free Cook Book

Frigoles or Mexican Beans

For a small family wash a pint of the small brown beans and put to soak over night. In the morning parboil and throw away the water. Cover with fresh water and simmer until the beans are tender, but not broken. Take a quarter pound breakfast bacon, cut into tiny squares and snip a Spanish pepper into bits, using the scissors for this purpose. Omit the seeds of the pepper. Now put all into a deep crock, or bean pot, arranging in layers with beans at the bottom and bacon at the top. Season each layer of the beans with a little salt and just a suspicion of brown sugar. If too dry add more water, for the beans take up a great deal in the baking, and the dish should be juicy, though not mushy, when done. Bake all day in a slow oven and serve for supper. Fresh pork cut in squares is sometimes used instead of the bacon, in which case more salt is required. The pork or bacon which always forms the top layer should be brown and crisp.

NEW POLICY DESIGNED TO SHATTER BAD COMBINES

Department of Justice to Deal Severely With Convicted Trusts.

Chicago, July 9.—The Tribune today prints the following special from its Washington correspondent:

The department of justice has a new rod in pickle for the trusts.

Hereafter mere injunction to restrain illegal combinations from doing business will not be enough for the government. Wherever conditions permit, it is proposed to request the court to appoint a receiver to operate the business of a convicted corporation, squeeze out the water and sell plants so as to revive competition. By this method the interest of the public which needs the products of these plants will be safeguarded and the interests of all stockholders will be protected by distribution among them of the proceeds of the sale.

As devised by Attorney General Bonaparte and Assistant Attorney General Purdy, the program of the department hereafter will be to petition the courts to act along one or more of the following lines:

That an injunction be issued for the dissolution of an illegal combination.

That contracts or agreements in restraint of trade be abrogated.

That receivers be appointed to sell plants of combination found guilty of violation of the anti-trust law.

That criminal sentence be imposed as provided by anti-trust law.

That conspiracies in restraint of trade shall be punished in accordance with the conspiracy statute as well as the anti-trust law.

Strikes at Two Combines.

The department proposes to ask for the appointment of a receiver in bills it is preparing against the powder trust and tobacco trust.

These combinations are peculiarly liable to such action in the judgment of Mr. Bonaparte and Mr. Purdy. The powder trust, for instance, is made up of the Du Pont International Smokeless Powder company, which is the holding company and owns a majority of stock in five large concerns which in turn have bought up the plants of more than a hundred independent factories.

If the government were to merely ask for an injunction against the Du Pont International Smokeless Powder company, the business would remain in the hands of the five subsidiary companies and there could not be developed competition. Much the same situation exists with respect to the tobacco trust.

After careful deliberation the attorney general and Mr. Purdy have come to the conclusion that in order to get results which the country desires it is necessary to adopt a new method. The anti-trust law confers upon courts the authority "to restrain and prevent" violations of the act, and according to the view of officials of the department it is within the power of the judiciary to appoint receivers or do anything else justified by legal procedure to prevent illegal combinations from carrying on business after an injunction has been issued against them.

Standard Not Within Reach.

The Standard Oil company has not reached the stage of legal development which the powder and tobacco trusts have attained, and probably it cannot be gripped by the receiver method. But in this case the department has asked for the dissolution of the trust and the court will be expected to take action to bring this about.

There is no doubt the trusts will fight hitterly this new plan of the department, and the matter will be appealed to the supreme court, whore final decision as to its legality can be obtained. The department will welcome the presentation of the question to the supreme court, feeling that an early decision is desirable because of the effect it will have upon future prosecutions. With the prospect of a receiver hanging over them few combinations, in the opinion of the department, will be formed to glaringly violate the law as in the past.

Success of the government in its criminal prosecution of the turpentine trust encouraged it to institute criminal proceedings against the National Umbrella Frame company, which constitutes an umbrella trust. This course will be followed in other prosecutions. As to the Standard Oil, the department does not expect to institute criminal proceedings in view of the fact that officials of the company are to be called upon to give evidence in civil proceedings at St. Louis and also have been on the witness stand in Chicago.

Studies Harvester Company.

The attorney general is still studying the complaint against the International Harvester company to determine first whether the combination actually violates law, and secondly whether a receivership shall be asked for as in the cases of the powder and tobacco trusts. No decision in the International Harvester case will be reached until October.

As a result of a complaint filed with the interstate commerce commission yesterday, it may be the department of justice will be asked to proceed against a number of railroads for violation of the anti-trust law. These roads are the Illinois Central, Chicago, Rock Island and Pacific, Chicago Great Western, Chicago, Burlington and Quincy, Chicago and Northwestern, and Chicago, Milwaukee and St. Paul.

The complaint is made by the Beatrice Creamery company of Lincoln, Neb., Blue Valley Creamery company of St. Louis, Mo., and the Blue Valley Creamery company of Sioux City, Iowa. Competition with other creamery companies caused them to determine to locate butter factories in Chicago. In order to be able to do business at a profit, they induced the railroads two years ago to reduce the rate from outlying stations in the territories named to Chicago from 70 to 38 cents for each ten gallon can. The creamery companies spent in Chicago over $500,000 and obligated themselves for future expenditures, when they were advised by the railroads of the abrogation of the agreement.

A rate of 70 cents a can means 3 cents on every pound of butter, and it is insisted that at the present selling price of this product it is impossible to pay such a tariff and do business, save at a loss.

NOTICE!

For the last twelve years we have made a practice of pressing clothing that was brought to our store, as often as the customer desired. The result is, that many of our customers never bring any garments to be pressed, while some bring in a suit nearly every week. During the month of June our shop averaged over 80 suits a week that were brought in to be pressed. This, with the new suits sold, was too much for the shop, and although we have three tailors all of the time, and four part of the time, many new suits were not finished at the time they were promised, so we find that we must have some system that will treat every man alike.

BEGINNING TOMORROW We will press carefully every suit, overcoat, or pair of trousers at the time you buy them, but we will charge 50c for pressing suits that have been worn, 40 cents for overcoats, and 15c for trousers. We realize that some of the other stores will press garments as often as you wish, but we will sell you goods at prices that you can afford to pay for all except the first pressing, and in this way every man will be treated alike.

TWAIN'S VISIT NEARS THE END.

American's Last Week in England Is Crowded With Appointments.

London, July 9.—The final week of Mark Twain's stay in England is filled with appointments. On Saturday he will sail for home, loaded with honors and attentions which admiring England has showered upon him.

Yesterday he dined with F. M. Bell, assistant manager of the Times. Today he took lunch at the house of commons as the guest of Sir Benjamin Stone. Arthur Balfour will be a fellow-guest. This evening he will dine with the staff of Punch.

The joke about Mark "lifting" the Ascot cup has become such a habit here that when the story of the mysterious theft of the Irish regalia became known letters and telegrams poured into Brown's hotel asking Mark what he had done with the jewels and how he had managed to secure them.

In self-defense last night he issued the following:

"Mark Twain has received a number of telegrams and letters from friends and strangers asking what he knows of the whereabouts of the Irish regalia. He has not replied to these inquiries because he has been advised by his lawyers it is best he should not commit himself.

ONE KILLED IN LABOR RIOT.

Sheriff Makes Sensational Escape From Mob With Slayer.

Chattanooga, Tenn., July 9.—In a riot at Mont Lake, a mining town eighteen miles from this city, Len Reynolds, president of the Miners' union, was fatally shot by W. H. Bellows, a labor agent, who had taken three non-union men to Mont Lake to work for the Mont Lake Mining company.

Bellows surrendered, and when the officer reached the railroad station with his prisoner about one hundred union miners were waiting for the labor agent with the intention of doing violence to him. After a rough and tumble fight the officer escaped with his prisoner and succeeding in landing his man safely in jail in this city. Excitement is intense in the mining village and more trouble is feared.

FINDS $2,000 RIVER PEARL.

Mussel Digger Discovers Valuable Gem in Water Near Petersburg.

Petersburg, Ind., July 9.—Gary Callahan, an old soldier and fisherman, when dragging White river in search of mussels yesterday, got in his hooks a large shell, imperfectly formed, and on opening it found one of the largest pearls ever taken from White river. The pearl is the size of a small marble, of the button variety, has not a blemish on it and the color is perfect. People unacquainted with the value of pearls have offered him $50 for the stone, but Callahan insists that it is worth at least $1,500 or $2,000, and will not dispose of it until he has discovered its true value. The mussel in which it was found was not taken from a mussel shoal, but had separated from the bed of mussels. Callahan is a poor man, who lives by fishing and what he earns in the mines.

TELLS BAPTISTS BY HAIRCUTS.

Head of Australian Methodist Church Has Ready Means.

London, July 9.—Rev. Dr. Ritchett, president of the general conference of the Methodist church of Australia, addressing the conference yesterday, said the adherent of every religion has something distinctive in his appearance, adding:

"If I dropped from a balloon into a gathering of Baptists I could tell their sect by the way their hair is cut.

"If I fell into an Angelican synod I could tell by their collars.

"If I dropped into an assemblage of Methodists from any sky, I would not regard either their hair or collars, but would know their religion by their faces, which are of the type displaying intelligence and kindness."

MEDICAL MEN IN SESSION.

Detroit, Mich., July 9.—The thirty-fifth annual meeting of the Tri-State Medical association, comprising physicians in Ohio, Indiana and Michigan, opened here today. Some of the most prominent physicians and surgeons in this section of the country are scheduled to read papers.

GLASS MEN IN CONVENTION.

Detroit, Mich., July 9.—Three hundred delegates, representing ten thousand glass workers employed in the independent glass factories of the country were present when the annual convention of the Amalgamated Association of Window Glass workers of America was opened here today. There are a number of important matters to come before the delegates and it is announced the wage scale for next year will be discussed and formulated.

FAIRBANKS IN HEROIC RESCUE OF GIRL FROM DEATH

Leaps Into Water of Lake and Drags Drowning Woman to Shore.

Yellowstone Lake, Yellowstone Park, Wyo., July 9.—Vice President Fairbanks risked his life here Sunday afternoon to save a girl from drowning, and as a result is looked upon today as a hero.

The vice president was sitting on the veranda of the hotel talking with J. I. Gibbs, the proprietor, when their attention was attracted by a shriek from the direction of the lake. They saw a young woman struggling in the water, and the two other women in a boat too frightened to give any assistance. On the pier stood two men, with mouths agape, but making no effort to rescue the young woman.

Pulling off his coat as he ran, the vice president dashed down to the pier and without hesitation leaped into the water. In a moment he had reached the young woman's side. One of the men on the pier, who had recovered from his fright, also leaped into the water and was a close second in reaching the young woman.

The vice president and the other man succeeded in dragging the girl, who had lost consciousness, to the shore. Mr. Fairbanks led in the work of resuscitation until it was seen the girl would recover, and then, almost exhausted, turned his charge over to others.

The girl was Miss Lena Waters, a waitress in the hotel. She had served Mr. Fairbanks' luncheon, and had done it so well that the vice president had complimented Mr. Gibbs on the efficiency of his help.

Many persons called to congratulate Mr. Fairbanks during the remainder of his stay here. He left yesterday for Seattle, where he will deliver an address before the Christian Endeavor convention.

APPOINTED BY SCHOOL BOARD.

At the meeting of the school board Monday night action was taken on the several applications at hand for the filling of the vacancy in the ranks of the high school teachers caused by the resignation of E. E. Ramsey. L. C. Ward was appointed to teach physiography to succeed Mr. Voorhes, who will take Mr. Ramsey's place as chemistry instructor. Also Miss Margeret Colerick was reappointed librarian at the public library for a term of three years.

LITTLE GIRL RUN DOWN.

While crossing the street at the corner of Wayne and Barr streets this morning little Miss Emma Connett, daughter of Edward Connett, a gardener, was run down by a horse driven by a very careless driver and both of her knees were badly skinned up and she was very muddy. She was taken into the Loesch drug store and washed up. The driver escaped before any one could get his name. Her parents were at market this morning and she was able to go home with them.

Earl E. Ramsey and Wm. L. McMillan, teachers at the high school, left yesterday for Winona lake, where they will instruct in the summer school at that place.

Prepare in Time.

I suffered from Hay-Fever for years, until last year, when I discovered a simple cure that has saved me from much suffering and the expense of going to Michigan for relief.

I will send the recipe, which can be filled at any drug store for a few cents, for fifty cents, which is barely enough to pay postage and advertising.

MISS COLERICK AGAIN CHOSEN PUBLIC LIBRARIAN

Board Elects Huntington Ma nto High School Faculty.

Miss Margaret M. Colerick was reappointed librarian of the Fort Wayne public library for the term of three years by the school board at its meeting Monday evening. Miss Colerick has filled the position very capably for many years.

The board also elected L. C. Ward, who has been a science teacher in the Huntington high school, to a place in the faculty of the Fort Wayne high school as a teacher of physical geography. Mr. Ward is an honor graduate of Indiana university and has been connected with the Huntington schools for the past four years.

Want Bids on Bond Issue.

The board decided to advertise for bids upon a bond issue of $75,000 to be made for the purpose of refunding the floating indebtedness of the school city.

Bids for the painting and repair of a number of school houses about the city were taken under advisement, and no action was taken in the matter of heating plants for several buildings.

ARE STUDYING IMMIGRATION.

Members of United States Commission Reach Berlin.

Berlin, July 9.—United States Senator Latimer, of South Carolina, and Representative Burnett, of Alabama, of the United States immigration commission, arrived here today. Ambassador Tower will introduce them tomorrow to Dr. Von Muehlberg, acting secretary of the foreign office in the absence of Foreign Secretary Tschirsky. The foreign office officials have made arrangements to give the commissioners every facility for their investigation and the steamship companies have done the same. The commissioners after leaving Rome, traveled together so far as Venice, Chairman Dillingham and some of the other commissioners going to Vienna and Budapest.

GROUNDED STEAMER IS FLOATED.

People's Line Boat With Many Passengers Was Stuck in Hudson.

Albany, N. Y., July 9.—The steamer C. W. Morse, of the People's line, which went aground on a sand bar opposite Coeymans, twelve miles south of Albany last night, was floated today and continued its trip down the river to New York. The passenger list was large, about 450 in all, besides which she carried an extra heavy load of freight.

Fortunately at the time of the mishap the boat was going at a slow rate of speed.

General Agent Shaffer said today that the passengers did not display any uneasiness and that the boat was not damaged.

MEALS FOR TOMORROW

[Chicago Record-Herald.]

WEDNESDAY, JULY 10, 1907.

—Breakfast.—
Cornflakes. Toast.
Strawberries.
Coffee.

—Luncheon.—
Chicken Omelet.
Lettuce with French Dressing.
Iced Tea. Walnut Wafers.

—Dinner.—
Roast Lamb with Mint Sauce.
New Potatoes in Cream.
Peas. Beets.
Pineapple Sherbet.
Sponge Drops.

Chicken Omelet—Scald two cups of milk, add two cups of cold minced chicken, one-fourth cup of butter, three-fourths cup of shredded wheat crumbs and two tablespoons of chopped parsley. Cook three minutes, add beaten yolks of three eggs, fold in the stiffly beaten whites and one-half teaspoon of salt. Bake forty-five minutes in a moderate oven. Serve at once with white sauce or gravy. Almost any cold meat can be used.

The following seasonable recipes are appended:

Sun Preserved Strawberries—Wash and stem berries. Take an equal weight of sugar, add a very little water and dissolve. When boiling add the berries. Let come to a boil and cook three minutes. Pour into platters or shallow dishes and set in the sun until thick. Three days will suffice if the weather is clear. If the dishes are covered with glass the fruit cooks more quickly. When thick put in tumblers, cover with paraffin and put in a dark place.

Pickled cherries—Pit cherries, cover with vinegar and let stand over night. In the morning drain and pack in a stone jar with alternate layers of sugar. Use equal weight of fruit and sugar and put most of the sugar toward the top of the jar. To each gallon of the fruit add a small bag of spices containing one teaspoonful each of cloves, cinnamon and spices. Keep in a dry place.

Conserves—One quart of rhubarb (do not peel), one pint of red raspberries, one pint red currants, one pound raisins, one pound English walnuts, two oranges (sliced very thin), two lemons (sliced very thin); a pound of sugar to a pound of fruit. Cook until thick as jelly. Put in jelly glasses and cover with paraffin. (Delicious.)

S.S.S. CURES BLOOD POISON

In no other disease is a thorough cleansing of the blood more necessary than in Contagious Blood Poison. The least particle of this insidious virus will multiply in the circulation and so thoroughly contaminate the blood that no part of the body will be exempt from the ravages of this powerful disease. Usually the first symptom is a little sore or ulcer, insignificant in itself, but soon the blood becomes so contaminated that the mouth and throat ulcerate, glands in the groin swell, hair and eye-brows come out, copper-colored spots appear on the body, and frequently sores and ulcers break out on the flesh to humiliate the sufferer. S. S. S. cures Contagious Blood Poison by purifying the circulation. It attacks the disease in the right way by going down into the circulation, neutralizing and forcing out every particle of the poison, and making this fluid pure, fresh and health-sustaining. The improvement commences as soon as the patient gets under the influence of S. S. S., and continues until every trace of the disease is removed from the blood, and the sufferer completely restored to health. Not one particle of the poison is left for future out-breaks after S. S. S. has purged and purified the blood. Book on the home treatment of this disease and any medical advice desired free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

Chicago, 5; Brooklyn, 0.

Brooklyn, N. Y., July 9.—Chicago won easily from the Brooklyn team. Ill feeling came near bringing about a riot. In the latter half of the ninth inning, empty mineral water bottles were thrown in the direction of Frank Chance at first. He was not hit by any of the missiles, but he picked up two of the bottles and returned them in the direction from which they had come. One hit a boy on the leg and immediately there was an uproar.

President Ebbetts called upon Police Captain Maude, who, with thirty men in uniform and plain clothes quickly quelled the disturbing element. Chance was escorted to the club's dressing room by a detective. After the crowd left the ground several groups of the rougher element gathered on the outside of the park, but after an hour's play President Ebbetts, of the Brooklyn club, managed to evade these and got Chance away in safety. DECATUR TEAM ON THE COLD WORLD AFTER GAME HERE

Lack of Support Brought About Abrupt Close of Season.

Crowned with the laurels of a ninth-inning victory over the fast Shamrock team the members of the Decatur club arrived home Sunday night to find that the stockholders and supporters of the organization had gathered a collection of tin cans with which to adorn the players who are now thrown upon a cold and uncharitable world.

Lack of home support is given as the cause. A check up revealed the fact that after playing a few weeks there was a deficit of about $500 or $600 in the treasury with no prospect of a recoup and the players were informed that the organization would disband.

Decatur had a good semi-professional team and the fact that the town would not support it is a marvel to most of the people although the want of a band of boosters is looked upon as a most excellent reason for closing the season. Most of the men will probably be taken on by other teams in this section as some of them need strengthening badly.

BOUT FOR DECATUR FIXED.

Fistic Program Arranged by Fort Wayne Promoters Is Complete.

Henry C. Moriarity and Bert Lewis, of this city, have arranged a program of boxing bouts to be put on at Decatur in the Bosse opera house on the night of July 16. "Chick" Long, of Fort Wayne, and Jack Ulster, of Louisville, are carded for the main event which will go eight rounds for a decision.

Harry Underwood, also of Fort Wayne, and Merritt Guilford, of Auburn, will have the semi-windup honors with Kid Holzhauer and Frankie Mason will go for six rounds. Two Decatur lads will also be on the program.

BOXING PROGRAM COMPLETED.

Final Arrangements Made for Gardiner-English Match.

All formalities have been completed for the ten-round boxing match in this city between Jimmy Gardiner and Clarence English at the rink on the night of July 19 under auspices of the Summit City Athletic club. Matchmaker Murbarger has the signed articles and the men will be here to put up the fastest go seen here since the present revival of the game.

"Kid" Wilson, of Baltimore, and Freddie Dillon, of Cleveland, have been matched for an eight-round go and "Young" Mason and Georgie Dale, hantamweights, of Fort Wayne, will be sent in for six rounds.

Arrangements are about completed for a ten-round battle between Benny Yanger and Walter Little of Chicago, the match to take place some time later in the season.

FAILED.

All efforts have failed to find a better remedy for coughs, colds and lung troubles than Foley's Honey and Tar. It stops the cough, heals the lungs and prevents serious results from a cold. J. N. Patterson, Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." Dreier & Bro.

The only woman who ever ruled for an American colony was Lady Carteret. Lord Carteret married for his second wife a New York widow, Mrs. William Lawrence. She was a woman of strong character, and was appointed regent during his absences from the colony. Many documents are extant signed by her as regent.—Chicago Daily News.

CURED OF LUNG TROUBLE.

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guaranteed at Dreier & Bro., drug store. 50c and $1.00. Trial bottle free.

The popularity of all kinds of sports in South Africa, emphasized by the recent successful visit of the Springbok football team to England, is in itself abundant evidence of the large market open for further development by enterprising importers of suitable clothing and accessories.

The First Requiste of Beauty.

The first requite of beauty is a clear complection. Orino Laxative Fruit Syrup clears a sallow blotched complection as it stimulates the liver and bowels, and the eyes become bright and clear. You owe it to your friends to take it if your complection is bad. Orino Laxative Fruit Syrup does notnauseate or gripe and is very pleasant to take. Refuse substitutes. Dreier & Bro.

DOCTORS COULD NOT HELP HER.

"I had kidney trouble for years," writes Mrs. Raymond Connor of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure, and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure." It makes the diseased kidneys sound so they will eliminate the poisons from the blood. Unless they do this, good health is impossible. Dreier & Bro.

ing inside the rail. He turned to the court and protested:

"Nobody could have stopped that, your honor."

The dramatic atmosphere was heightened by a staff of photographers, who exploded flashlight after flashlight, till the courtroom was so filled with smoke that it became stiffling.

Schmitz Faces the Judge.

After refusing a motion for a new trial Judge Dunne turned to the prisoner and said:

"Eugene Schmitz, stand up."

The large, black bearded figure of the convicted mayor arose at the counsel table. His face was the color of ivory. His lips were pressed tightly together. He fixed his eyes on the judge, and never once during the dramatic moments that followed did he drop them. His shoulders were thrown well back and he held his head high.

Judge Dunne returned the prisoner's gaze fixedly and proceeded:

"In pronouncing judgment in this case the court has but little comment to make. It can be said that the verdict of the jury in this case has a deeper significance than ordinarily attaches to the finding of guilt. It is a message to all the people in the city of San Francisco that law and order are supreme; that no man, however exalted his station or how strong and powerful the political, social and financial influences which surround him, is above the law.

"Eugene E. Schmitz, you have heretofore occupied the highest office which the city of San Francisco can confer on one of its citizens. You were elevated to that position because of the confidence and trust reposed in you by the mass of the——"

Prisoner Rebukes Judge.

"I am here," interrupted Schmitz, in a voice, though quiet and controlled, that carried to the far corners of the room, "to receive sentence at your hands, and not to be humiliated by a lecture which the newspapers can repeat in print."

Beyond pausing, Judge Dunne paid no attention to the interruption. "You were elevated to that position, I say, because of the confidence and trust imposed in you——"

Attorney Metson interposed: "We are here to take sentence, not to be lectured. We——"

"Mr. Metson," said Judge Dunne, warmly, "if you interrupt these proceedings again I will send you to jail. You would be in far better business if you were here begging for a day in court to answer the charge that you willfully and improperly attempted to tamper with a juror in this case."

"I am ready," responded Metson, "to answer, now or any other time, any charge that may be lodged against me. I take exception to the remarks of the court addressed to the defendant and to the improper and uncalled for insinuation of the court against myself."

How He Betrayed His Trust.

To this Judge Dunne made no reply, but, turning to the mayor, he resumed:

"You were elected to a position because of the confidence and great trust reposed in you by the mass of the people. You have by your willful criminal act, so a jury of your fellow citizens has declared, broken that confidence and betrayed that trust."

Here Schmitz spoke up again, protesting against the "lecture" the court was imposing.

Judge Dunne took no notice. "Therefore," he continued, "it may be said that the penalty which the law permits in this case is insufficient to meet the demands of justice. It may be suggested, however, that by your conviction you will lose the respect and esteem of all good citizens and men; that you will suffer the humiliation of knowing that your career of hypocrisy, duplicity, and dishonor——"

Goads Judge Into Retort.

"I stand here as an American citizen to demand my rights," interposed Schmitz. "I'm not asking any leniency at the hands of this court. I am prepared to receive sentence. I ask that your honor do your duty and pronounce it immediately and that I be not subjected to humiliation and degrading remarks which the papers are copying and will print. I say if your honor has any self-respect you will proceed with the sentence."

"It is not unusual," was Judge Dunne's stinging reply, "for courts to be brought into contact with such brazen acts of effrontery as yours in the present instance. It is the duty of the court in such cases to view the conduct of a convicted felon with patience and toleration, not to say pity. By your conviction you will lose the respect and esteem of all good men and citizens. You will suffer the humiliation of knowing, I say, that your career of hypocrisy, duplicity and dishonor has been exposed and that you stand before those who believed in and honored you morally naked, shamed and disgraced."

"Railroaded," Cries Schmitz.

"I deny that," shouted Schmitz. "The people of San Francisco know how I was railroaded through."

Judge Dunne resumed:

"Morally naked, shamed, and disgraced. It is in the knowledge of these things rather than in any mere term of imprisonment in a state penitentiary that the full measure of your punishment will be found.

"It is the judgment of this court that you be confined in the state prison at San Quentin for a term of five years."

Then, as if in direct contemptuous reply to the prisoner's denial of a moment before, the big crowd turned loose its feelings in a cheer that rattled the windows and drowned the sharp rapping of the bailiff for order.

Schmitz to the Public.

Immediately after resuming his seat at the counsel table Schmitz dictated the following statement to the press:

"The court wherein I received my sentence for the charge of extortion again demonstrates and more clearly than anything else that it has heretofore done, a charge I made upon my immediate return from the east, that Judge Dunne was prejudiced against me and that it was impossible to secure a fair trial. The animus that he has treasured in his heart for some time came clearly and positively to the surface this morning.

"I have never asked for leniency, but I have expected, as every American citizen has the right to expect, justice. I ask the people to withhold their final judgment in this matter until the iniquitous proceedings which have been held in Judge Dunne's court since the beginning of my trial shall be brought before the highest court.

Wants Justice, Not Mercy.

"I have never asked for mercy, and before a court where I did not receive a fair trial I certainly did not expect it. I intend not only to fight this case step by step, but all the charges that have been brought against me and with the knowledge in my own conscience of my entire innocence, I expect to be successful in the contest.

"I now repeat what I have said already, that I will be a candidate for mayor of the city and county of San Francisco this fall, when the people of San Francisco will have an opportunity by their votes of demonstrating whether they believe me guilty or innocent. The people are always right. I am satisfied to leave my case with them."

Getting Jury to Try Glass.

In Judge Lawler's court six of the twelve jurors were secured to try Vice President Glass, of the Pacific States Telephone and Telegraph company, on the first of ten charges of bribing supervisors. The prosecution used two peremptory challenges and the defense four. To the former three arbitrary challenges remain and to the latter six. There was a complete absence of the spirit of bickering that distinguished the Ruef and Schmitz trials. In all eighteen ventremen were examined during the day. Twelve of these qualified as to causes.

WAS FLEEING PASTOR IN FORT WAYNE SUNDAY?

(Continued from Page One.)

at the Hagey house, Thursday afternoon as Margaret Guilford. Later in the evening after delivering his address, Rev. Mr. Deller also registered at the hotel, although previously he had been a guest at a friend's house.

When a chambermaid saw him enter Miss Guilford's room she reported the fact to Samuel Wayne, proprietor of the hotel. Wayne's story of what followed is:

"I went to Miss Guilford's room and demanded entrance. This being denied, I threatened to batter down the door. I was carrying out my threat when it was opened. Miss Guilford and Rev. Mr. Deller were in the room. I ordered them from the hotel. They obtained a livery team and drove to Hollidaysburg and thence went to Altoona."

Agreed to Resign.

A week elapsed before the scandal reached the ears of the trustees of Rev. Mr. Deller's church. They summoned the pastor to make a statement.

"If this story is a lie, we propose to stick by you," declared the venerable president of the board. "But if it's the truth, we must ask you to resign. We propose to send a committee to Martinsburg to find out the truth."

"You need go no further, brothers," said the pastor. "I'll resign. I'm partially guilty, partially innocent."

Rev. Mr. Deller wrote his resignation and sent it to Rev. J. I. L. Bressler, presiding elder of the Altoona district, packed up a few personal effects and left the city quietly.

Rev. Mr. Deller is about 32 years old. He graduated three years ago from Otterbein college, at Dayton, Ohio. The Second church was his first charge. He was popular and was regarded as an able, conscientious worker.

Tallies in Many Points.

Many features on the Altoona story add to the probability that Rev. Mr. Deller passed through Fort Wayne in his attempt to get away from the surroundings in which he came to grief. The stranger made two visits to the Y. M. C. A. rooms during the afternoon. On the first occasion he talked to Secretary Burns, and was evidently laboring under intense mental strain, but would tell little beyond what has already been outlined. To inquiries regarding his name, his home, his church denomination, the nature of his trouble or his destination he refused direct replies, though he seemed somewhat familiar with Fort Wayne, and declared there is a man in this city who knows him well and who knew of the trouble that had befallen him. He declined, however, to disclose the name of the Fort Wayne man.

Family Was With Him.

Leaving the association rooms for a time, he returned again just as Rev. C. A. Rowand was beginning his afternoon talk to the men. The theme was along the line of a clean personal life, and throughout the address the stranger was visibly affected. At the close of the service Rev. Rowand sought him out and with a desire to be of aid to one in trouble sought to learn something of the man and his difficulty. For the most part, however, questioning was futile. He stated, however, that he had been in the ministry but two years, and that his wife and two children were at the railroad station in Fort Wayne, explaining also that they were on their way to relatives. The stranger was firm in his refusal to disclose either his identity or his destination, but declared that his mental sufferings were rapidly driving him to the point of desperation.

An Altoona dispatch, dated Monday, says that "a rumor that the minister committed suicide at his home in Indiana is not confirmed."

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., July 9.—The wheat market today opened active and with easier prices. A decline of a penny was reported at Liverpool because of better weather on the continent for the crop. Commission houses were good buyers. September opened ½@⅝c lower at 95c to 95¼c, sold off to 94⅜c and then reacted to 95@95½c. Minneapolis, Duluth and Chicago reported receipts of 391 cars.

A decrease of more than six million bushels in the world's visible supply of wheat caused a strong market in the latter part of the session. September selling up to 96¼. The close was strong with September up ⅝c at 96@96⅜c.

The corn market opened easy in sympathy with wheat but rallied sharply on good general buying. September opened ⅛@¼c to ½@⅝c lower at 54½c to 54⅞c and sold at 55¼c. Local receipts were 489 cars.

The corn market held steady in the last half of the session. The close was steady with September ⅛@¼c lower at 54⅞c.

Trading in the oats pit was active and prices at the opening were easier in sympathy with wheat and corn. Later the market became firm. September opened unchanged to ¼@⅜c lower at 38⅞@39c to 39¼c and sold at 39½c.

The provision market was very quiet and prices were steady. September pork opened unchanged at $16.17½. Lard was 2½c lower at $8.92½. Ribs were 5c lower at $6.60.

STOCKS AND BONDS.

The Day on Wall Street.

New York, July 9.—Stocks were freely offered as soon as trading began and sharp declines were the consequence. First sales of Union Pacific was of 7,000 shares at 140½ and 140¾ compared with 141½ last night, Great Northern preferred and American Smelting fell 1¼, Northern Pacific, Brooklyn Rapid Transit and Amalgamated Copper 1 and Reading, Louisville & Nashville, Southern Pacific, Kansas & Texas, Atchison, Minneapolis, St. Paul & Sault Ste Marie, United States Steel and Colorado Fuel large fractions, Cleveland, Chicago, Cincinnati & St. Louis sold at at an advance of 1½ points.

The selling orders that were executed at the opening completed the immediate liquidation and although there were continued setbacks in spots, the general tone improved. Not much of the decline, however, was made up, the bulls apparently being satisfied to hold the market a fraction above the lowest. St. Paul showed exceptional strength, advancing 1⅜ to 135⅝. American Smelting sagged 1⅜, Louisville & Nashville 1½ and General Electric 1¼. United Railway Investment and Utah Copper gained 1 point.

Renewed selling carried prices to a lower level than before. Union Pacific was most conspicuous with a decline of two points. Great Northern preferred fell 1½, Reading, Missouri Pacific, Amalgamated Copper, Colorado Fuel and American Tobacco preferred 1⅜ to 1½ and a number of others one or more. Bonds were weak.

The market became dull but there were no effective rallies. Practically all of the important stocks hovered within ½ or less of the low prices.

Steady buying on a small scale lifted prices further in the afternoon St. Paul recovering to the highest. Amalgamated Copper rose a fraction above last night. Northern Pacific recovered fully, but Union Pacific, Reading and Smelting continued to rule in the neighborhood of a point below yesterday's closing. Western Union improved 1½.

The market closed irregular, but generally weak. From the high level of the recovery there was an abrupt drop back to the lowest in the last half hour. Union Pacific lost 3⅞ points, American Smelting 2¾, Reading and Great Northern preferred 2¼, Amalgamated Copper and International Pump 1¾, Northern Pacific, Southern Pacific and Brooklyn Transit 1½ and National Lead and Minneapolis, St. Paul & Sault Ste Marie 1. Covering of shorts rallied Union Pacific a point and St. Paul rose again to 136.

Day's Happenings in the Industrial World

WILL ROSSINGTON GOES SOUTH.

Takes Responsible Position at Charlotte, North Carolina.

William H. Rossington has gone to Charlotte, N. C., to take the position of meter expert with the municipal lighting plant. Mr. Rossington has been engaged in work for several years which especially fits him for the position he has assumed. He was with an electrical establishment in Chicago several years and later with the Fort Wayne Electric works in this city. His wife and child will remain here possibly all summer, joining Mr. Rossington at Charlotte next fall. The family reside on East Wayne street.

PREPARING FOR FIELD DAY.

Pennsylvania Athletic Association Will Meet in August.

President H. T. Hogan, of the Pennsylvania Employes' Athletic association, has called a meeting of the executive board for Friday night, to arrange for the annual field day. It is proposed to hold the event in August this year, about a month earlier than it was held last year, in the hopes that the weather will be more favorable than it was the last meet, which took place September 29. A finer program than ever will be put up and the prizes will also be more expensive than the prizes offered at former times.

FEDERATION MEETING.

Heat and threatening weather were responsible for a slim attendance at the meeting of the Fort Wayne Federation of Labor last night and because of the light attendance, nothing but routine business was transacted. The boilermakers reported that they had changed their meeting place and hereafter would meet the first Friday in each month at Harmony hall. The carpenters reported that they would move to the hall at Berry and Calhoun streets, their old quarters being inadequate to the recently increased demand for space. The machinists reported an increase of twenty-six in membership roll and also reported that they had arranged to have an ice cream social at Swinney park July 25. The teamsters announced that they would hold open meetings the first and third Thursdays of each month and have regular meetings on the second and fourth Tuesdays of each month. O. L. Rice, who represents the Independent Tobacco Makers, was present and made a speech and distributed samples of the tobacco his firms manufacture. At the next meeting of the body a vote will be taken on the question of a parade on labor day.

NEW LAWN FEATURE.

The lawn social committee of the employes of the Fort Wayne Electric works held a meeting last night and completed arrangements for the social they are to give on the Leaser property on Wall street to defray some of the expenses of the trip to Newcastle in August, when the state tournament of the Volunteer Firemen's association will be held there. An exhibition of moving pictures will be a feature of the social, something that has never before been attempted in this city. There will also be a band concert on the grounds and the scene will be illuminated as no other lawn social grounds ever were. The ladies employed at the Electric works will serve the cream and otherwise look after the comfort of those who call there that evening. The social will be held Tuesday evening, July 23.

PUTTING IN NEW MACHINES.

The removal of the vise gang from the main body of the Pennsylvania shops to the little building in the court just west of the big shop, was completed this morning, when Foreman F. C. Meyers took his desk and books and papers there. The new vise shop is called the "Bismark" presumably because there are only three Germans there, including Mr. Meyers. The place in the main shop vacated by the vise department is being made ready for machinery which is arriving and which will be installed as rapidly as possible. A 3x36 inch turret lathe, the largest machine of its kind in the city, was placed in operation on the east side of the room this morning. Valentine Ewig will operate it.

PIPEFITTERS STILL OUT.

It was rumored in shop circles that the pipefitters who went on strike at the Wabash shops several weeks ago were going to report for duty there this morning, but they did not show up and as far as could be learned they were not expected by the shop management. The only change that has occurred within the past three or four days at the pipe shop was the resignation this morning of Charles Voltz, a helper, who had been employed at the shop for four weeks.

LEAVES THE NICKEL PLATE.

L. A. Ellert, who was transferred from this city to Lorain to work in the maintenance of way office of the Nickel Plate, has resigned and taken a similar position with the C. S. & C. Traction company at an advanced salary. Another change at Lorain in which a Fort Wayne man is interested was the resignation of H. Luderman as general foreman of the section gangs and the installation in that office of P. McAneny, of this city.

TWO FINGERS LACERATED.

Machinist F. A. Thompson, of the Pennsylvania round house, had the third and fourth fingers of his left hand nearly severed yesterday afternoon, and their fate is still a matter of doubt, though efforts are being made to save them. He was adjusting a side rod, when it slipped from its bearings and caught his hand between it and some part of the locomotive, cutting the fingers nearly off.

TURNS DOWN THE OFFER.

W. C. Gill, who had accepted a position in the telegraph department of the Wabash, notified Master Mechanic G. W. Smith this morning that he had reconsidered the matter and had concluded to remain with the Daily News. The position of telegrapher at Mr. Smith's office is still open to some experienced operator.

SITUATION AT BASS FOUNDRY.

Two new moulders to take the places of two who were discharged is the only change at the Bass foundry today. One of the new men was formerly employed at the foundry and went on strike with the others over two months ago. It was quiet at the works today.

AN ASSISTANT BAGGAGEMASTER.

Harry Ross became assistant day baggagemaster at the Wabash depot this morning. He succeeds Rudy Reinewald, who resigned a few days ago. Mr. Ross has been employed at the Pennsylvania freight house for some time.

INDUSTRIAL NOTES.

E. Petro is a new laborer in the Wabash shops.

L. Pytel has taken a position at the Pennsylvania round house.

F. Firks, a machinist's helper, is a new man at the Wabash shops.

W. S. Danes, engineer of maintenance of way of the Wabash, was in the city today.

Conductor W. S. Stutter, of the Pennsylvania, is fishing at a lake near Columbia City today.

Pennsylvania shopmen who are sick and off duty are J. Palmer, C. W. Simmons and James Roche.

Engineer A. Bittsburger, of the G. R. & I., had an eye injured yesterday and is off duty for treatment.

Master Car Builder J. A. Graham went to Chicago last night on business for the Pennsylvania.

J. C. Treuchet, who was sick two weeks, resumed work in the Pennsylvania boiler shop this morning.

H. M. Bennett, a pipefitter at the Pennsylvania shops, has returned from a week's outing at Rome City.

G. W. Bowan resumed his duties at the Pennsylvania copper shop this morning. He spent a week at St. Joe, Ind.

J. J. Rosenberger, who was hurt in the Pennsylvania erecting shop last Wednesday, reported for duty this morning.

A. E. Romary, the machinist's helper who was injured at the Wabash shops some time ago, resumed work this morning.

L. O. Starr, who had been at Rome City two weeks, took up his duties at the Pennsylvania erecting shops this morning.

Charles Pask, a wireman, and M. L. Steiner, a meter builder, took positions at the Fort Wayne Electric works this morning.

Machinist C. A. Agster resumed work at the Wabash shops this morning, after an absence of several weeks on account of sickness.

Perry A. Thompson, chief clerk to Master Mechanic G. W. Smith, of the Wabash, is in Springfield, Ill., today on business for the company.

Fred Stephan has returned from Sandusky, Ohio, where he was engaged two weeks in doing some work for the Pennsylvania company.

Yesterday George O. Baker, general inspector of the Pennsylvania police department, paid Captain Stoll a visit, leaving last night for Pittsburg, his home.

F. J. Pool, a cab builder at the Pennsylvania shops, left for Richmond, Va., last night, accompanied by his family. He will visit relatives a week or two.

Blacksmith E. Feaser resumed work at the Pennsylvania shops this morning. He was taking a ten days' vacation, a portion of which was spent at Niagara Falls.

Gruber & Bengs yesterday completed repairs upon an engine for the St. Joe Valley company and the engine left a few hours later under her own steam for her home.

Ed Ehinger, who has been spending eight or ten days with relatives in the country, will resume the foremanship of the labor gang at the Wabash shops tomorrow, releasing N. T. Gay, who will return to his former duties.

Yard Engineer Dennis Crimmons, of the Pennsylvania, is off duty on account of the very serious condition of his wife. Fireman Fugate, of the same road, was slightly injured yesterday and will be off duty a few days.

Fireman Fred Lebrecht, of the Pennsylvania power plant, is kept at home by the serious illness of his daughter. W. H. Manstoffer, who had been sick a few days, reported for work at the power plant this morning.

The local Wabash officials this morning received the official bulletin announcing the appointment of C. H. Newton to the office of general freight claim agent of the Wabash. The Sentinel mentioned the appointment two weeks ago.

A funeral party from Peru, accompanying the remains of the late Mrs. Charles Wilcox, wife of a Wabash engineer, passed through the city yesterday, en route to Connesute, Ohio, where interment was made today.

A week ago Machinist Frank Swartz, of the Pennsylvania, had one of his legs cut slightly and this morning the wound became so painful that he had to knock off work and seek medical aid. The wound was poisoned in some manner.

President W. H. Canniff and family spent the day here touring the city and surrounding country in an automobile. The private car occupied a siding near the depot in the meantime and last night the family entered it and returned to Cleveland.

George Fishering and Bruce A. Young, Fort Wayne High school students, have taken positions for the summer months with the electrical department of the Pennsylvania. Charles Pask, who recently took a position there, has resigned.

E. P. Bennigan, chief O. S. & D. clerk at the Pennsylvania freight offices, appeared at work this morning, wearing a very genial smile upon his countenance; also with him was a box of smokers, and all caused by his being the happy recipient of a twelve pound baby girl.

The tall brick chimney at the factory of the Horton Manufacturing company was struck by lightning and damaged last night. Some of the bricks were knocked from the top of the chimney and several indentures and holes were made on the side. It can be repaired.

Al J. Buchheit, a clerk at the Electric works, is taking a vacation and with his wife went to Chicago this morning. L. C. Yapp, of the construction department, is also taking a vacation and has left the city for the lakes. George Waldschmidt, messenger boy, is at the lakes also, enjoying a vacation.

Machinist John O. Bryant, of the Pennsylvania, who resides out near Brookside farm, killed a massive blue racer in his garden yesterday. The reptile measured four and a half feet.

Bernard Hedekin, clerk for Foreman F. J. Mannix, of the Pennsylvania erecting shop, is taking a vacation and with him family has gone to Rome City.

Passenger engine 1630, of the Buffalo division of the Wabash, has been turned over to the transportation department for service after receiving general repairs in the shops in this city. Passenger engine 639 of the Detroit division, also left the shops today, as good as new, and yard engine 54 is out and will go into service in the Fort Wayne yards.

Engineer John Snyder, of Peru, was at the Wabash shops this morning to note progress in repairs upon his engine, the 807, which is having her compound cylinders changed to simple cylinders. The engine is nearly completed. Nearly all of the compound engines put in service on the Wabash a few years ago have had their cylinders removed and substituted by simple ones.

J. E. Smith, coal dock hostler for the Pennsylvania, is off duty on account of sickness. O. Callico, also of the docks, is taking a lay off to look after some business matters. S. Perella, an attendant at the docks, resumed work this morning. Two months ago he was caught between the edge of the ashpit and the ashpan of a locomotive and had some ribs broken and was otherwise injured. He has completely recovered.

Engineer and Mrs. M. Brucks to Cleveland; Fireman and Mrs. C. W. Dreibilbiss to Cleveland; the Misses Erin and Sadie Laughlin, daughters of Engineer Michael Laughlin, to Chicago; Miss Myrel Downing, daughter of Fireman Downing, to Middlepoint; Engineer and Mrs. C. W. Larimore to Buffalo, and Fireman W. A. Gibson, to New York, are some of the trips planned for the near future by Pennsylvania employes and members of their families.

BOUND FOR ARCTIC REGIONS.

J. R. Bradley and Dr. Cook Going on Scientific Expedition.

North Sydney, C. B., July 9.—The American schooner John R. Bradley, bound for the Arctic regions, arrived here today. On board were her owner, John R. Bradley, and Dr. Frederick A. Cook, the scientist and explorer. The schooner is in command of Captain Moses Bartlett, who was first officer on the Peary Arctic steamer Roosevelt last year. The party will spend two months in the Arctic circle, Dr. Cook devoting his time to scientific work, while Mr. Bradley intends to occupy himself shooting musk ox, walrus and polar bears.

WILL TAKE EXTENSIVE TRIP.

President of France to Visit Many European Monarchs.

Paris, July 9.—The plan for President Faillieres' trip abroad next year will be much more extensive than the one which was abandoned owing to the interior situation in France. He will first be the guest of King Edward and then will visit King Haakon of Norway, King Frederick of Denmark and King Oscar of Sweden and may continue his journey to St. Petersburg and visit Emperor Nicholas, but this has not yet been definitely decided.

Rev. A. E. Lafontaine, diocesan school superintendent, has gone to Milwaukee to attend the convention of the Federation of American Catholic colleges, which is in session July 9, 10 and 11.

WINONA ASSEMBLY ENTERING UPON SECOND WEEK

Attendance Larger and Interest Growing—Photographers There.

(Special to The Sentinel.)

Winona Lake, Ind., July 9.—Though but entering the second week of the thirteenth annual session of the assembly the real activities of this noted educational institution are on in earnest. The lateness of the season seems to have had little effect upon the plans of the devotees of the Winonian movement. Its dates are "red figures" on the calendar.

Yesterday afternoon it was the pleasure of a very large audience to listen to a most interesting and helpful address by Dr. J. G. K. McClure, of the McCormick Theological seminary, who chose for his subject "The Blessed Art of Making the Most of Things." The day had been set apart as "Peace day," and the president of the National Peace committee was to have spoken, but being the president of the National Teachers' association and that body being in session in California, prevented him from keeping his engagement, but with the address of Dr. McClure the substitution proved a very complete and satisfactory arrangement.

The day was also the opening of the convention of the Indiana Photographers' association—the thirteenth annual meeting of the artistic shadow preservers of Hoosierdom. The enrollment indicates the largest attendance for several years, perhaps in the history of the association. We note the following photographers of Northern Indiana busy about the large Daguerre building: Mr. W. F. Schemerhorn, of Auburn; Messrs Parret, Clark and F. Shoutz, of Fort Wayne; F. Clark, of Lagrange; F. D. Sullivan, of Kendallville; Ada Bunker, of Butler; W. E. Magley, of Columbia City; A. F. Rice and Mr. Crill, of North Manchester. Other portions of the state are equally as well represented.

Have Fine Exhibit.

The walls of the exhibit rooms are fully covered with rare specimens of photographic art gathered by the deft touch of the camera and brush. The association is enjoying the masterful service of Mr. W. S. Lively, of Mingo, Tenn., president of the Southern School of Photography. President W. E. Vilmer, of Muncie, delivered his annual address this morning and reports from various officers were heard with interest during the forenoon. This afternoon will be spent in class instruction. This evening the manufacturers and dealers will furnish some rare features of entertainment and the circle will be open to public enjoyment. Tomorrow will be a great day for the people of the association, one feature being an address by G. Hammer Croughton, who has for his subject "Art Study as a Business Investment," and in the evening "The Photographer and His Interest."

That Winona can furnish programs most highly satisfactory to its large audiences from its own musical conservatory was fully proven last evening in the concert given under the directorship of H. W. Owens. The members of the faculty, Mr. Brahm Van Den Berg, with wife as pianist, Mr. Lewis Randolph Blackman as violinist and Mrs. Metta M. Libis organist, each rendered artistic numbers and service in the program, as did four members of the student body, Miss Kate Murray, soprano, Mr. Fred Calvert, baritone, with Misses Lora and Ethel Dickey in highly appreciated selections. Taking it all in all, but few foreign talent concerts have ever pleased in a more highly satisfactory degree than did the conservatory of music concert at the auditorium last evening.

Much Interest in Bible Hour.

The 11 o'clock Bible hour is opening with great interest under Dr. Palmer. Dr. Wilber Chapman was the speaker yesterday morning and also spoke this morning, much to the delight of the large audience that had gathered in the auditorium at this hour. Dr. Chas. Allen leads the song service and these meetings promise for large spiritual growth and clear knowledge of The Word.

This evening occurs the great musical treat in the promised concert to be given by the Roberts Park Choral society, of Indianapolis. This is one of the strongest musical organizations of Indianapolis, and will be heard with great pleasure. It is under the direction of Edward Taylor and is made up of fully 100 well trained voices, who assist in giving a program of rare merit. Besides the chorus work, solos will be rendered by Mr. Taylor, Miss Margaret Johnson, Miss Amie Evans, Mr. Orrison Hayes, Miss Jessie Jay, and other distinguished soloists of the society.

Wednesday afternoon will occur the pronunciation match, which promises to be of great interest. Three prizes are offered and the contest will test the ability of teachers and students who are entered for competition.

GIRL'S BEAUTY RUINED BY PIE.

Young Woman's Face Burned When She Falls Into Hot Pastry.

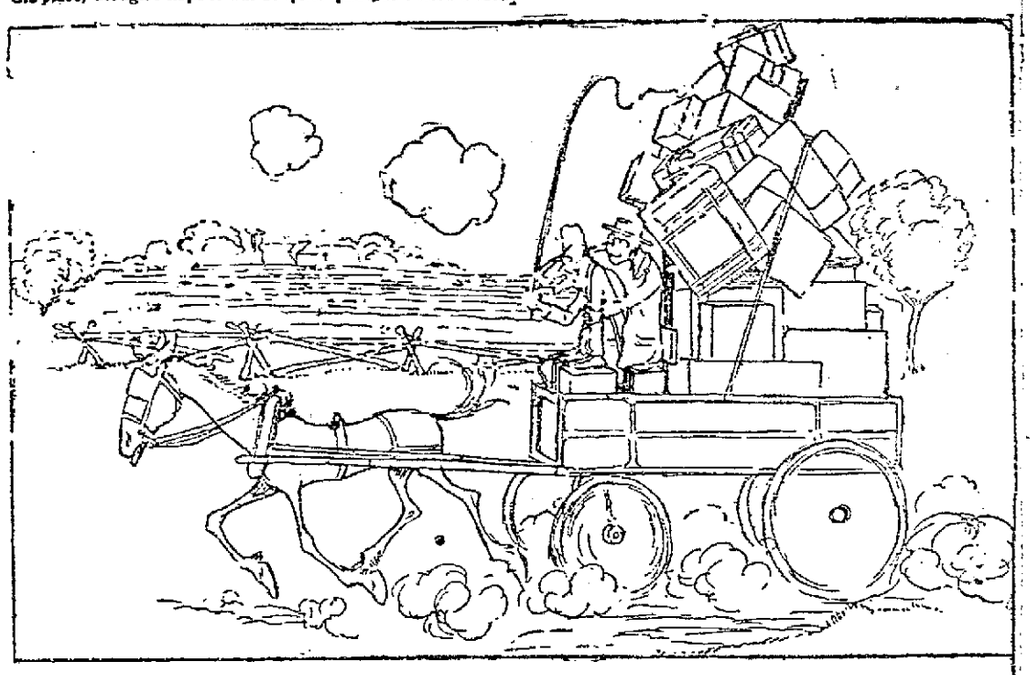
Hagerstown, Ind., July 9.—Miss Josephine Eavey, daughter of Samuel Eavey, a farmer residing near Keedysville, this county, was the victim of a peculiar accident yesterday, and her beauty may be marred for life. While she was assisting her mother to make custard pies, Miss Eavey was seized with a fainting spell and fell face downward into a pie that Mrs. Eavey had just taken from the stove. The young woman's face was badly burned.

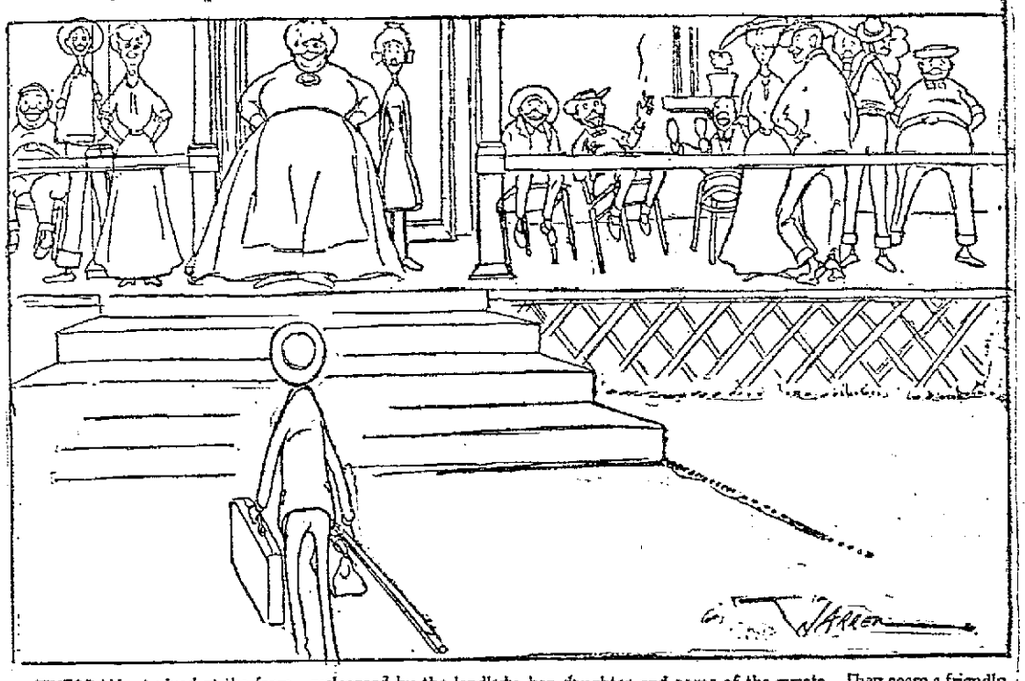
DR. THOMAS IS BETTER.

New York, July 9.—The condition of Dr. Julian P. Thomas, the aeronaut, who suffered a fracture of the leg in an automobile accident Sunday night while driving with two young women companions, continues to improve. Amputation of his fractured leg is regarded as unnecessary by physicians at the hospital where Dr. Thomas is a patient.

DIARY OF A SUMMER BOARDER—NO. 1.

MONDAY—Arrived and was met at the station by the farmer. The journey to the farm was hardly as comfortable as it might have been, as the farmer explained he had a few things to take along. I guess things will settle down when I get to the place, though I hope it will be quite quiet, as I need a rest.





TUESDAY—Arrived at the farm—welcomed by the landlady, her daughter and some of the guests. They seem a friendly lot, though a little noisy, I'm afraid. Never mind. I guess things will settle down to-morrow. I'll sneak away then for a good read and a loaf.

AN AERONAUT, SHOT AT, GIVES ASSAILANT WHIPPING

St. Louis Man Refuses to Sign Apology Demanded by a Judge.

St. Louis, Mo., July 9.—Former Judge Richard B. Haughton shot and, it is believed, fatally wounded Prof. John Berry, an airship inventor, yesterday afternoon in an alley near Spring avenue and Delmar boulevard, where Berry had been asked by a stranger to go to repair a mythical automobile.

Berry said he was shot after he refused to sign a written confession on his knees that he had called Haughton an insulting name over the telephone.

After Berry was shot he horsewhipped Haughton, chased him several blocks into a crowded street car, and fought with him with his fists. A policeman on the car arrested Haughton, and as Berry stepped from the car he fell to the pavement unconscious.

At the city hospital Berry said: "I quarreled with Haughton during the world's fair, when I was president of the Berry Aerial and Navigation company, of which Haughton was a director and counsel. We planned to sail airships at the fair, but our plan fell through. I always believed the dissensions which wrecked the company were caused by Haughton, and I told him so. We had frequent quarrels.

Lured Into an Alley.

"Today I was asked by a stranger to go into an alley and look over an auto to see if he had been cheated in purchasing it. I met Haughton, who walked up to me and said:

"'Hello, Berry, I want you to apologize for insulting me over the phone. I've got a written apology, and you've got to sign it.' But I would not do so.

"'Then I'm going to shoot you,' said Haughton.

"'Go ahead,' I said. He leveled his revolver at me and shot. Then he grabbed a buggy whip, or maybe the other man handed it to him—I'm not sure. I took the whip from him and beat him with it. When I turned around the man who lured me into the alley was gone.

What Haughton Wanted.

The note is in possession of the police. It reads:

"Hon. R. B. Haughton: I fully and completely retract every word I have ever said against you and derogatory of you. I most humbly apologize for all such words, and I beg your forgiveness, and I unreservedly state I am a cur and scoundrel, and have been attempting to defraud you."

At the hospital it was found that Berry's wound is of a type generally considered vital and physicians say he has little chance to recover.

Haughton was released on $10,000 bonds this afternoon.

George Houk has gone to Pittsburg on his vacation.

L. M. Goode and daughter, of Indianapolis, are now stopping off here for a few days on their way to the lakes.

SWINNEY PARK CONCERT TO AID STRIKING MOLDERS

Unique Program Provided by Many Volunteer Musicians.

Arrangements have been thoroughly completed for the concert and social to be given tomorrow evening at Swinney park for the benefit of the striking moulders at Bass' works. If the managing editor of the weather department don't butt in at the last minute and get hold of the wrong stop there will be nothing to prevent a tremendous crowd. The band which will furnish the music will be the most unique one which ever gave a concert in this city. It will be composed entirely of volunteers from the Musicians' union and will include members of the Packard, Citizens', Military and independent band players, as well as performers from the various orchestras. When it is all over the concert will have the distinction of having been directed by more different conductors than any before given in Fort Wayne. The opening number will be directed by Hon. H. P. Scherer, president of the Fort Wayne Musicians' union, and he will afterwards appoint the conductors as the program proceeds. Among those who will wield the baton will be John and "Paul" Verwiere, Barner, Keinz, Scherer, Reineke, Shores, Shober, Austin, Calkin, Townsend, Thompson and perhaps some others.

President Scherer desires all volunteers to report at the band stand at Swinney park promptly at 7:45 and requests each musician to bring his own music stand. All other details have been arranged and there will be no formal invitation extended for musicians to participate in the program, but for the purpose of ready recognition it is deemed advisable to wear uniform cap. The program in part will be as follows:

March—"Union Forever".....Arranged by Sousa
Waltz—"Lazarre".....Gustin
Overture—"Poet and Peasant".....v. Suppe
Medley—"The Old and New".....Beyer
Song—"Alice, where, etc"—.....Bedfield
Selection—"Prince of Pilsen".....Luders
Waltz—"Under the Rose".....Blanke
Intermezzo—"Oskaloosaloo".....Sawyer
March—"Willow Grove".....Sorrentino
Pot-pourri—"Remick's Hits No. 2".....Lampe
Cornet Solo.....By Volunteer
Waltz—"Wedding of the Winds".....Hall
Medley—"Wait Till the Sun Shines, Nellie".....Von Tilzer
March—"Port Arthur".....Seitz
Melodies.....Morse
March—"Arrah Wanna".....Lampe

The above program may not be followed strictly, but it is aimed to make it as popular as possible. President Scherer requests any band leader who desires, to bring with him any piece of music he may desire to direct and also invites any soloist not already having reported to report at the band stand with music, where such soloist will be assigned a place on the program.

WILL PRACTICE LAW.

Raleigh J. Parish, who for the past six months has held a position as reporter on the staff of the Sentinel, has resigned to engage in the practice of law and will be associated with William H. Reed, who has offices in the Bank block. Mr. Parish has been a student of law for several years and completed a course in a well known law school. He was a capable newspaper man, but his preference is for the law, a profession he is well equipped to practice. He was admitted to the bar here some months ago.

MRS. EDDY'S SON SEEKS $125,000.

George W. Glover Asks Court to Guard Leader's Trust Fund.

Concord, N. H., July 9.—A bill in equity, seeking to place under the jurisdiction of the court a trust fund of $125,000, created by Mrs. Mary Baker G. Eddy, head of the Christian Science faith, last February, subsequent to which time a suit for an accounting of her property was brought by certain next friends of Mrs. Eddy, was filed in the Merrimack county superior court yesterday. George W. Glover, of Lead, S. D., son of the Christian Science leader, and his wife and four children are the plaintiffs. The bill is one of many that have been entered in connection with the already complicated litigation, involving the property of Mrs. Eddy. The pending legal proceedings, it is alleged, have prevented the Glovers from enjoying the trust fund, and they, as plaintiffs, ask the court to order that the money and securities mentioned in the trust deed shall, during the pendency of the suit to determine Mrs. Eddy's competency, to be held as trust property under the guardianship of the courts. The defendants to these last proceedings are General Frank S. Streeter, Mrs. Eddy's counsel; Irving C. Tomlinson and Archibald McLean. The last two are Christian Scientists.

SHERIFF SAVES NEGRO'S LIFE.

Woman Identifies Her Assailant and Mob Wants to Lynch.

New Orleans, La., July 9.—A special from Covington, La., says that the sheriff of St. Tammany parish and several deputies have just succeeded in dispersing a mob which had gathered for the purpose of lynching a negro alleged to have attempted an assault on a white woman near Covington.

The woman was attacked while in bed a few minutes after her husband had left home. She and two young children succeeded in beating the man off, and several hours later identified a negro arrested for the crime.

When the mob gathered at the jail Sheriff Brewster addressed its members and said the law should take its course, even if he and his deputies had to sacrifice their lives in defending the prisoner.

Don't fail to attend the social and band concert to be given by the striking Molders tomorrow afternoon and evening, July 10th, at Swinney park.

CITY BREVITIES.

Dr. E. D. Rabus has left the city for Montclair, N. J., where he intends residing permanently.

Several post cards and a letter have been received by Justice Michael Tuncey from Miss Mary O'Dowd, who sailed on the steamer Cedric for Ireland, the middle of last month. Miss O'Dowd is visiting Queentown and several other large cities and says that she is thoroughly enjoying herself.

The fire department was called out shortly after midnight today for a fire which was supposed to be burning in the barber shop of Jack Brown, at 206 East Columbia street, but which proved to be nothing but paper burning in a stove.

Charles J. Pfeiffer has sold his seven-room dwelling on High street to Jacob W. Weigel, a conductor on the Nickel Plate.

Mrs. Wiggart will entertain the Home Missionary society of St. John's Lutheran church on Wednesday afternoon at the school hall on Washington boulevard west.

Corporal Donaldson now has an assistant at the army recruiting office in the person of Private Deniver Moore, of Toledo.

Several members of the Kekionga Golf club in this city will enter the tournament to be held at Terre Haute on the tenth, eleventh and twelfth of this month. Fred C. Peters and Dr. J. W. Thompson leave tomorrow and any others who wish to enter may communicate that fact to Mr. Sommers at the Wayne club.

LAKE SHORE

Difficult Breathing

Short breath, fluttering, palpitation, sinking spells are symptoms of a weak heart, struggling to do its work. It must keep the blood in circulation to carry nourishment to make flesh, bone and muscle, and remove the worn-out particles. When it cannot do this, it must have help. Dr. Miles' Heart Cure gives strength to the heart nerves and muscles, and increases the heart action.

"I am glad to say that I am so much improved in health. Dr. Miles' Heart Cure cured me when several doctors failed. I think no other medicine could do for me what Heart Cure has done. My case was bad; bad as it could be at times. I had difficulty in getting my breath, my heart beat so fast at times that I thought it impossible to live without relief; the pain was very severe in my left side, and my nerves was all unstrung. I had almost given up all hope of being cured, and I am sure I would not, if I had not taken the Heart Cure. I take great pleasure in recommending Dr. Miles' remedies to all who suffer with heart disease."

THE WEATHER.

Chicago, July 9.—Forecast for Indiana: Showers tonight in central and north, fair in south portions; Wednesday fair.

CITY BREVITIES.

Dr. E. D. Rabus has left the city for Montclair, N. J., where he intends residing permanently.

Several post cards and a letter have been received by Justice Michael Tangey from Miss Mary O'Dowd, who sailed on the steamer Cedric for Ireland, the middle of last month. Miss O'Dowd is visiting Queenstown and several other large cities and says that she is thoroughly enjoying herself.

The fire department was called out shortly after midnight today for a fire which was supposed to be burning in the barber shop of Jack Brown, at 206 East Columbia street, but which proved to be nothing but paper burning in a stove.

Charles J. Pfeiffer has sold his seven-room dwelling on High street to Jacob W. Weigel, a conductor on the Nickel Plate.

Mrs. Wiggart will entertain the Home Missionary society of St. John's Lutheran church on Wednesday afternoon at the school hall on Washington boulevard west.

Corporal Donaldson now has an assistant at the army recruiting office in the person of Private Denver Moore, of Toledo.

Several members of the Kekionga Golf club in this city will enter the tournament to be held at Terre Haute on the tenth, eleventh and twelfth of this month. Fred C. Peters and Dr. J. W. Thompson leave tomorrow and any others who wish to enter may communicate that fact to Mr. Sommers at the Wayne club.

Man Zau Pile Remedy comes put up in a collapsible tube with a nozzle. Easy to apply right where the soreness and inflammation exists. It relieves at once blind, bleeding, itching or protruding piles. Guaranteed. Sold by Rhoads Drug store.

Summer Things

The summer season brings troubles other than merely the discomfort occasioned by the heat. We are always looking for things to make our customers comfortable and we are sure that the following items will go a great ways towards doing this.

Rexall Poison Ivy Lotion is a remedy that promptly allays the irritation, stops inflammation, and prevents that unsightly swelling that always comes from coming in contact with this dreaded little roadside vine. Better have a bottle on hand when you take a stroll in the woods. 25c.

Skeeter Skoot keeps that little pest (the mosquito) at a safe distance. Use Skeeter Skoot and you will be able to enjoy the evening rest on your porch. 25c.

FOREST PARK ASKS SEWER.

Board of Public Works Will Look Over the Ground—City Notes.

Forest Park wants sewerage and L. F. Curdes and Judge W. J. Vesey were before the board of public works yesterday to urge it. It will be a big undertaking and the board will look over the ground.

The assessment roll for the paving of Buchanan street, from Lafayette to Hanna, was confirmed.

Applications of the Knough Coal company and the Novitzky coal yard for coal weighers' license were referred to the board of public safety.

A petition for the construction of cement sidewalks on the east side of Warsaw street, from Creighton avenue to Pontiac street, was filed. Thirty resident property owners asked for a street light at Lawton place and Spy Run avenue. The petition was filed.

The council committee on fees and salaries, composed of Councilmen Langard, Boerger and Cook, met last night and reported unanimously in favor of raising the salaries of policemen.

TEEPLE CONDUCTS CASE.

Is Held Until Tomorrow for Further Evidence—City Court.

Orin Teeple, charged by Mendal Frank with stealing $7 collected for the sale of coal, was in the city court this morning and conducted his own defense. The case was continued for further evidence until tomorrow morning. He says he took the money in payment of his wages. Some time ago he left the city and just returned last night.

Harry Barnes, charged with striking Ferdinand Overly with a jug, was placed in charge of the probation officer.

Pineules are for the Kidneys and Bladder. They bring quick relief to backache, rheumatism, lumbago, tired worn-out feeling. They produce natural action of the kidneys. 30 days' treatment $1.00. Money refunded if Pineules are not satisfactory. Sold by Rhoads Drug store.

Difficult Breathing

Short breath, fluttering, palpitation, sinking spells are symptoms of a weak heart, struggling to do its work. It must keep the blood in circulation to carry nourishment to make flesh, bone and muscle, and remove the worn-out particles. When it cannot do this, it must have help. Dr. Miles' Heart Cure gives strength to the heart nerves and muscles, and increases the heart action.

"I am glad to say that I am so much improved in health. Dr. Miles' Heart Cure cured me when several doctors failed. I think no other medicine could do for me what Heart Cure has done. My case was bad; bad as it could be at times. I had difficulty in getting my breath, my heart beat so fast at times that I thought it impossible to live without relief; the pain was very severe in my left side, and my nerves was all unstrung. I had almost given up all hope of being cured, and I am sure I would not, if I had not taken the Heart Cure. I take great pleasure in recommending Dr. Miles' remedies to all who suffer with heart disease."
MRS. MARY C. HAHLER,
Sullivan, Mo.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.
